Americas Sketchbook:

America's Sketchbook Kristie Hamilton, 1998 In her comprehensive study of American sketch writing Kristie Hamilton gives new insight into the powers of mass market intimacy more personal and home like than home and into leisure which as a component of middle class identity is quite as imperative in its achievement as disciplined morality Here also is a more complex story of the aesthetic as a class inflected realm in which factory women and rural and urban middle class authors debate the shape of literature and life *On Alexander Gardner's Photographic Sketch Book of the Civil War* Anthony W. Lee, Elizabeth Young, 2007 Lee and Young have admirably elucidated this foundational volume in the history of American photography by developing references that emerge from prior readings of these images as well as thoughtfully producing new ways of seeing the landscapes Gardner presents The book makes available to a wide audience one of the most important photographic records of any war and certainly the most interesting visual record of the American Civil War This is superior scholarship Shirley Samuels author of *Facing America Iconography and the Civil War* Anthony Lee and Elizabeth Young's deceptively slim volume is a complex enlightening and elegant study of a significant Civil War era document that also greatly enhances our understanding of nineteenth century visual culture The analysis and format of this collaborative effort will serve as a model for cultural scholarship for years to come Joshua Brown author of *Beyond the Lines Pictorial Reporting Everyday Life and the Crisis of Gilded Age America* In this beautifully written analysis of one of the most important works of nineteenth century American photography Lee and Young restore Gardner's Sketch Book to its rightful place as a key document of American history At once a report of a newsworthy event and a meditation on its historical meaning Gardner's album is less unmediated reportage than a carefully constructed argument In clear lucid prose Lee and Young help us understand just how Gardner made this work that helped fix the Civil War in American memory Martha A Sandweiss author of *Print the Legend Photography and the American West* [Writing about Time](#) Cindy Weinstein, 2019 Many of the finest critics working in American literature explore the representation of time from colonial times to the present [The American Sketchbook of Franz Hölzlhuber](#) University of Kansas.
