The Whispering Seeds Peter Lindo,Eugenia Proaño,Juan Muñoz,Ernesto Muñoz,2025-02-12 The Whispering Seeds is a heartfelt work and it is the outcome of innumerable lessons conducted and learned over time and practicum in English language classrooms in Ecuador Brooklyn NYC Costa Rica and Indonesia However The Whispering Seeds was created in stunningly beautiful Ecuador What Ecuadorian educators achieved is a classroom practice that represents the sincere work of many Ecuadorian students who were of different levels in their ability to communicate in English as well as an assortment of insight gains understandings meaningful communication joy enthusiasm and cooperation The Whispering Seeds is primarily the result of the wisdom and insight of two Ecuadorian teachers Eugenia Proaño and Ernesto Muñoz Eugenia Proaño and Ernesto Muñoz had attended and dedicated so much of their time to many different English classes and training sessions as well as other encounters that helped to prepare them for eventually accomplishing this educational project Eugenia Proaño and Ernesto Muñoz traveled and worked at Centro Espiral Mana now also known as the Institute for Collaborative Learning in Costa Rica The learning experiences they had occurred in 2005 and 2012 for Ernesto and in 2007 for Eugenia were integral to developing their skills as educators of the English language in Ecuador Eugenia Proaño and Ernesto Muñoz had the privilege to undergo intensive training on how to improve their performance as teachers with Ms Mary Scholl Ms Mary Scholl is the director and founder of Centro Espiral Mana and the Institute for Collaborative Learning which gives aspiring educators the opportunity to hone their pedagogical skills by working with real students who genuinely come to learn and further improve themselves in the English language Being in Costa Rica and working with Ms Mary Scholl is an experience that demonstrates the values and benefits of working in a student centered class At the Institute for Collaborative Learning multi sensory activities including manipulatives collaboration and heartfelt discussion nurture an environment of creativity and self exploration Doesn't this encompass all forms of learning Ernesto Muñoz Eugenia Proaño and Peter Lindo think so

and allow this to be a major element in their classes These activities all support student acquisition and use of the target language in whatever language a student may be learning and for whichever language a teacher may be teaching What was achieved in Ecuador as a means to learn English can be applied to learning any language in so many areas of the world After returning to Ecuador Eugenia Proa o and Ernesto Mu oz were ready to step outside the comfort zone of traditional language teaching They decided to apply what they had learned at the Institute for Collaborative Learning in Costa Rica in their classrooms at Universidad T cnica del Norte in Ibarra Ecuador They used the procedures they were introduced to with Ms Scholl including visual auditory verbal kinesthetic and tactile among other strategies and techniques Eugenia Proa o and Ernesto Mu oz worked to apply these methodologies in a student centered collaborative environment that promoted mutual support and respect The Whispering Seeds manifested in time between stellar Ecuadorian educators enthusiastic Ecuadorian students and a Bermudian educator who was working at a language school in Brooklyn New York City The practices work and guidance of Eugenia Proa o and Ernesto Mu oz in the classroom were driven by theories and their beliefs about what would work best for university students to be engaged and motivated in learning a foreign language It was a time to explore and experiment with more innovative techniques There was just so much potential This time of experimentation and exploration that Eugenia Proa o and Ernesto Mu oz did show great potential for the students and teachers We reflected on our daily teaching practices and re formed the practice to be more conducive to language I Peter Lindo was learning what was happening in Ecuador and could see the potential that this had for the world To help bring healing unity wisdom knowledge understanding and love
