Container Gardens for Florida Pamela Crawford,2005 When author Pamela Crawford first started writing her newest book she expected it to be short about 100 pages or so After all she pondered how many different ways can you arrange plants in a pot But as she began her research the book grew into a major 368 page reference book with a companion DVD movie Obviously there was a lot more to container gardening than she had originally thought This project was begun to accomplish three goals Ms Crawford s first goal was to push the limits of container design take it farther than she had ever

seen it done in Florida To accomplish this formidable task she hit the road traveling to areas where she knew container design was quite advanced She ended up researching this project in Manhattan the Hamptons Long Island Chicago San Francisco Los Angeles and Vancouver Then she searched Florida and spent time with experts who were doing great container work like the staff at Universal Studios in Orlando and Sanchez and Maddux landscape architects in Palm Beach The designs shown in this book evolved from these experiences and illustrate a variety of styles of container gardening from sleek sophisticated interior containers 152 159 to country garden containers pages 36 37 She spent time searching out the best suppliers for both plants and containers and brought many of their products to Florida to test them in the tough southern climate Ms Crawford and her assistants Barbara Hadsell and Miguel Olivares had fun testing over 10 000 plants and hundreds of containers in her gardens in Lake Worth We let our imaginations run wild with all these design ideas plants and spectacular pots We are fortunate to have enough space to allow each container arrangement to grow to its maturity This made it possible for us to report on its performance to you said Ms Crawford Her second goal was to develop a design system that is easy to understand for beginners She shared that her first tries with gardening in containers produces a lot of problems as she learned how to design and plant containers from books She bought book after book and even after following their instructions over and over again most of the projects she attempted simply failed It was at that point Ms Crawford bought a video that taught her more in thirty minutes than she had learned in the previous ten years At that moment she knew that her book on container gardening had to have an accompanying DVD movie to make the learning process easy She encourages her readers to watch the DVD movie sold separately for thirty minutes and skim chapters 1 2 and 15 in this book include chapter 4 if you are ready to try a hanging basket You will be ready to design and plant container gardens like the pros in no time at all The third goal of this book was to create a major reference work that people would keep for many years and refer to whenever they have a question about container gardening So Ms Crawford made sure the book covered many different aspects of container gardening like window boxes wall pots hanging baskets diverse containers for sun salt wind shade low water planting and maintaining orchids and how to use containers in the landscape The book also covers many technical aspects of container gardening like watering systems soil and fertilizer The DVD movie is also a reference work It covers container design basics plus three planting demos a bowl a hanging basket and the planting and care of an orchid Since the planting demos contain a lot of information gardeners will benefit from re watching them from time to time The DVD movie is packaged in a box that fits right next to the book on a bookshelf Researching this book opened up a whole new world to the author about the fun and satisfaction of container gardening She comments that I am so happy to share this great hobby with all of my Florida friends *Plant Ecology* John Ernest Weaver, Frederic Edward Clements, 1929

The Top Books of the Year Container Plants The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
