

# HOW TO BUDGET ON A LOW INCOME

## 01 Prioritize Expenses

Always pay necessities first, including food, housing, utilities and transportation. Pay no other expenses until these are taken care of.

## 02 Cut Costs

Temporarily cut out all non-necessities such as eating out, personal spending, vacation, recreation, etc. The goal is to get caught up and a plan in place.

## 03 Set a Budget

Break the paycheck to paycheck cycle by carefully and strategically making a written budget every month before the month begins. Plan every single dollar on paper.

## 04 Use Cash to Save

Research shows when we use cash we behave differently with money. Cash budgeting is especially helpful for budget categories you tend to overspend on.

Benefits and Costs of Fiscal Decentralization in China Ma Guangrong,2026-04-01 This book examines China's fiscal decentralization and its economic impact through local government incentives. It focuses on three key areas: expenditure decentralization, revenue decentralization, and intergovernmental transfers. The analysis weighs the benefits and costs of these fiscal practices in terms of China's economic development. The author observes that China's high degree of fiscal expenditure and revenue decentralization has empowered local governments to pursue economic development vigorously. However, it has also created insufficient incentives to provide public welfare services and to adjust income distribution. This has exacerbated local protectionism and fragmented the domestic market. While intergovernmental transfers to less developed regions have gradually improved fiscal equalization and mitigated regional disparities since the 1994 tax sharing reform, they have weakened the economic development incentives of recipient local governments. This book concludes with reform proposals for optimizing central-local fiscal relations. This book will be of interest to scholars of the Chinese economy, public finance, and development economics.
