Govindarajan,Chris Trimble,2005-12-01 Even world class companies with powerful and proven business models eventually  
discover limits to growth That s what makes emerging high growth industries so attractive Although they lack a proven  
formula for making a profit these industries represent huge opportunities for the companies that are fast enough and smart  
enough But constructing tomorrow s businesses while simultaneously sustaining excellence in today s demands a delicate  
balance It is a quest fraught with contradiction and paradox Until now there has been little practical guidance Based on an in  
depth multiyear research study of innovative initiatives at ten large corporations Vijay Govindarajan and Chris Trimble  
identify three central challenges forgetting yesterday s successful processes and practices borrowing selected resources  
from the core business and learning how the new business can succeed The authors make recommendations regarding
