**Chance and Intelligence in Thucydides** Lowell Edmunds,1975 A rewriting of the author s thesis      **Chance and Intelligence in Thucydides** Arthur Lowell Edmunds,1970      **Thucydides** Walter Robert Connor,1984 This full scale sequential reading of Thucydides history of the Peloponnesian War will be invaluable to the specialist and also to those in search of an introduction and companion to the Histories Moving beyond other studies by its focus on the reader s role in giving meaning to the text it reveals Thucydides use of objectivity not so much as a standard for the proper presentation of his subject matter as a method for communicating with his readers and involving them in the complexity and suffering of the Peloponnesian War W Robert Connor shows that as Thucydides themes and ideas are reintroduced and developed the initial reactions of the reader are challenged subverted and eventually made to contribute to a deeper understanding of the war

Between Form and Event: Machiavelli's Theory of Political Freedom M. Vatter,2013-04-17 Before Machiavelli political freedom was approached as a problem of the best distribution of the functions of ruler and ruled Machiavelli changed the terms of freedom requiring that its discourse address the demand for no rule or non domination Political freedom would then develop only through a strategy of antagonism to every form of legitimate domination This leads to the emergence of modern political life any institution that wishes to rule legitimately must simultaneously be inscribed with its immanent critique and imminent subversion For Machiavelli the possibility of instituting the political form is conditioned by the possibility of changing it in an event of political revolution This book shows Machiavelli as a philosopher of the modern condition For him politics exists in the absence of those absolute moral standards that are called upon to legitimate the domination of man over man If this understanding lies open to relativism and historicism it does so in order to render effective the project of reinventing the sense of human freedom Machiavelli s legacy to modernity is the recognition of an irreconcilable tension between the demands of freedom and the imperatives of morality      *Political Theory and Praxis* Terence Ball,1977-01-01

Luckless Daniel Schillinger,2026-04-29 Many contemporary thinkers appeal to the idea of luck to explain why some people flourish and others suffer or perish Schillinger on the other hand argues that this vision of luck s power is illusory at best and dangerous at worst His book returns to ancient Greek thought to make a provocative and lively argument about luck that can help us understand ethical and political life in the present Luckless reflects Schillinger s experience with and loving attention to thinkers such as Aristotle Euripides Herodotus Thucydides and Sophocles      **Power and Structure in**

**Power and Structure in Thucydides: an Analytical Commentary: The second year-the sixth year** Haruo Konishi,2008 Word and Concept in Thucydides June W. Allison,1997 Applying perspectives of modern philosophers of language to the Greek historian examines the language of abstraction he used with a view to defining how concepts developed and were understood among his contemporaries of the 5th century BC Concludes that far from merely borrowing presocratic thought and sophistic rhetoric he moved discussions of language to a new level that recognized concepts and metalinguistic terminology and suggests that the concept of a concept may be much older than we have previously thought Translations are provided for the passages quoted but some knowledge of ancient Greek would be helpful to follow the argument Annotation copyrighted by Book News Inc Portland OR **Power and Structure in Thucydides: The pre-war period-the first year** Haruo Konishi,2008 Anankē in Thucydides Martin Ostwald,1988 **The Decline of Logos in Thucydides' Athenian Speeches** John T.
