Self and City in the Thought of Saint Augustine Ben Holland, 2019-07-30 Self and City in the Thought of Saint Augustine explores the analogy between the self and political society in the thought of St Augustine of Hippo This analogy is an important theme in the history of political thought Attempts have been made to understand the state by examining the soul since Plato the body as in medieval theories of the body politic and the person surviving to this day in such concepts as international legal personality This book aims to reinstate the Augustinian part of the story It argues that Augustine develops three analogies between self and city as a society ordered by love self love in the case of the Earthly City divided but improving love in the Pilgrim City and love of others and of God in the City of God It supplies thereby an overview of Augustine s intellectual system as it touches upon theology psychology and anthropology as well as politics and also provides a new interpretation of Augustine s important definition of the republic **A Concise History of the United States of America** Susan-Mary Grant, 2012-03-05 Born out of violence and the aspirations of its early settlers the United States of America has become one of the world s most powerful nations The book begins in colonial America as the first Europeans arrived lured by the promise of financial profit driven by religious piety and accompanied by diseases which would ravage the native populations It explores the tensions inherent in a country built on slave labour in the name of liberty one forced to assert its unity and reassess its ideals in the face of secession and civil war and one that struggled to establish moral supremacy military security and economic stability during the financial crises and global conflicts of the twentieth century Woven through this richly crafted study of America s shifting social and political landscapes are the multiple voices of the nation s history slaves and slave owners revolutionaries and reformers soldiers and statesmen immigrants and refugees
