Challenges To Soviet Control In Eastern Europe:

Challenges to Soviet Control in Eastern Europe James F. Brown, A. Ross Johnson, Rand Corporation, 1984 SCOTT Copy 1 From the John Holmes Library Collection **Challenges to Soviet Control in Eastern Europe** J. F. Brown, A. R. Johnson, RAND CORP SANTA MONICA CA., 1984 This report summarizes and develops the findings of a project that examined the security issues posed for the United States by the likely evolution of the Soviet Bloc during the 1980s and beyond Primary emphasis was placed on the political economic and social challenges to Soviet interests in Eastern Europe as the framework for appraising the extent to which East European military forces can augment Soviet military capabilities in the late 1980s and the degree to which the Soviet army can operate in Eastern Europe unconstrained by local developments Among the authors conclusions are the following 1 Poland has been pacified but not normalized latent and active opposition continues The process of pacification has made the army the real locus of power 2 Poland and Romania are in economic crisis and economic problems are severe throughout the region Nevertheless the East European economies have developed to the point where they have no choice of improved performance if they are cut off from the international economy 3 The decline of consumerism will contribute to social ferment and working class frustration 4 The USSR and local leaderships in Eastern Europe will attempt to muddle through by pursuing conservative and repressive rather than adaptive status quo policies in the face of greater social ferment Challenges to Soviet Control in Eastern Europe James F. Brown, A. Ross Johnson, Rand Corporation, 1984 SCOTT Copy 1 From the John Holmes Library Collection *Revolution and Resistance in Eastern Europe* Kevin McDermott, Matthew Stibbe, 2006-10-01 The history of Eastern Europe during the Cold War is one punctuated by protest and rebellion *Revolution and Resistance in Eastern Europe* covers these flashpoints from the Stalin Tito split of 1948 to the dramatic collapse of the Berlin Wall in 1989 Covering East Germany Czechoslovakia Hungary Yugoslavia Poland and Romania the authors provide comprehensive critical analysis of the varying forms of dissent in the East European socialist states They take a comparative approach and show how the different movements affected one another Incorporating archival material only accessible since 1989 they discuss issues such as the diverse manifestations of non conformity among different strata of the population the complex relationship between Moscow and the national Communist Parties the loosening of Soviet control after 1985 and everyday resistance to state authority This book offers a firm grounding in the tumultuous decades of communist rule which is essential to understanding the contemporary politics of Eastern Europe **Problems of Communism**, 1990 The Challenge to Soviet Interests in Eastern Europe F. Stephen Larrabee, 1984 This report examines socioeconomic and political developments in Romania Hungary and East Germany It analyzes the viability of Romania's autonomous position within the Soviet Bloc It considers the present and future viability of the Hungarian model Hungary's decentralized and less repressive economic and political system It examines domestic East German developments especially the strengthening in the GDR of German national consciousness In each country discussion the emphasis is on examining

domestic factors which may lead to new challenges to Soviet interests in Eastern Europe in the future The study s findings suggest that in the next decade the Soviet Union will be challenged to maintain control over its East European alliance during a period when economies are cooling and leadership is changing Simply muddling through as Brezhnev did in his last years will not be sufficient In the absence of a serious restructuring of its relations with its East European allies in the next decade Moscow will risk the prospect of greater instability and unrest

Problems of Central and Eastern Europe Roman Dmowski,1917 *Areas of Challenge for Soviet Foreign Policy in the 1980s* Gerrit W. Gong,Angela Stent,Rebecca V. Strode,1984 *Victory in Europe, 1945* Arnold A. Offner,Theodore A. Wilson,2000 In this collection senior scholars explore the transition from war to uneasy peace how and why the war ended as it did whether a different resolution was possible and if the ensuing Cold War was inevitable

Soviet Influence in Eastern Europe Christopher D. Jones,1981 **The Soviet Union : Special Studies, 1982-1985** University Publications of America, Inc,1987 [The Soviet Economic Challenge](#) ,1959 [Major Problems in American Foreign Policy: Since 1914](#) Thomas G. Paterson,1984 **American Empire** Joshua Freeman,2013-08-06 A landmark history of postwar America and the second volume in the Penguin History of the United States series edited by Eric Foner In this momentous work acclaimed labor historian Joshua B Freeman presents an epic portrait of the United States in the latter half of the twentieth century revealing a nation galvanized by change even as conflict seethed within its borders Beginning in 1945 he charts the astounding rise of the labor movement and its pitched struggle with the bastions of American capitalism in the 1940s and 50s untangling the complicated threads between the workers agenda and that of the civil rights and women s movements Through the lens of civil rights the Cold War struggle and the labor movement American Empire teaches us something profound about our past while illuminating the issues that continue to animate American political discourse today

The Impact of Eastern Europe on Soviet Policy Toward Western Europe A. Ross Johnson,Rand Corporation,1986 This report examines the ways in which Soviet control of Eastern Europe has both contributed to and detracted from the Soviet Union s pursuit of foreign policy goals in Western Europe In successive sections it 1 reviews the highlights of past USSR East European West European interactions and outlines general characteristics of the triangular relationship 2 examines the impact of the Polish crisis and 3 traces the East European foreign policy activity related to NATO s 1983 decision to deploy intermediate range nuclear forces and analyzes the emergence of a group of East European states East Germany Hungary Bulgaria and Romania whose policies differed from those of the Soviets The author suggests that while Eastern Europe serves as a constraint on Soviet relations with Western Europe Western Europe also acts as a constraint on Soviet policy toward Eastern Europe Author **National Security and US-Soviet Relations** Walter C. Clemens,1981 **Slavonic and East European Review** ,1924 Includes section **Reviews Masterpieces of History** Svetlana Savranskaya,Thomas S. Blanton,Vladislav Zubok,2010-05-20 This collection presents 122 top level Soviet European and American records on the superpowers role in the annus mirabilis of 1989 This volume
