Chan Insights and Oversights Bernard Faure, 2020-09-01 For many people attracted to Eastern religions particularly Zen Buddhism Asia seems the source of all wisdom As Bernard Faure examines the study of Chan Zen from the standpoint of postmodern human sciences and literary criticism he challenges this inversion of traditional Orientalist discourse whether the Other is caricatured or idealized ethnocentric premises marginalize important parts of Chan thought Questioning the assumptions of Easterners as well including those of the charismatic D T Suzuki Faure demonstrates how both West and East have come to overlook significant components of a complex and elusive tradition Throughout the book Faure reveals surprising hidden agendas in the modern enterprise of Chan studies and in Chan itself After describing how Jesuit missionaries brought Chan to the West he shows how the prejudices they engendered were influenced by the sectarian constraints of Sino Japanese discourse He then assesses structural hermeneutical and performative ways of looking at Chan analyzes the relationship of Chan and local religion and discusses Chan concepts of temporality language writing and the self Read alone or with its companion volume *The Rhetoric of Immediacy* this work offers a critical introduction not only to Chinese and Japanese Buddhism but also to theory in the human sciences *The Nature and Rationale of Zen/Chan and Enlightenment* Ming Dong Gu, 2023-07-14 This book initiates a paradigm shift away from Zen Chan as quintessentially Buddhist and examines what makes Chan thought and practice unique and original through an interdisciplinary investigation of the nature and rationale of Chan and its enlightenment Exploring how enlightenment is achieved through Chan practice and how this differs from other forms of Buddhism the book offers an entirely new view of Chan that embraces historical scholarship philosophical inquiry textual analysis psychological studies Chan practice and neuroscientific research and locates the core of Chan in its founder Huineng's theory of no thinking which creatively integrates the Taoist ideas of zuowang forgetting in seated meditation and xinzhai fast of heart mind with his personal experiences of enlightenment It concludes that Chan is the crystallization of an innovative synthesis of Buddhism Daoism and Confucianism as well as other resources of somatic and spiritual cultivation and that enlightenment is a momentary return to the mental state of a baby before birth This book will appeal to students and scholars of religion philosophy and neuroscience It will also offer new insights to thinkers writers artists therapists and neuroscientists as well as those practicing Zen Mindfulness and psychotherapy *India in the Chinese Imagination* John Kieschnick, Meir Shahaar, 2014-01-23 In this collection of original essays leading Asian studies scholars take a new look at the way the Chinese conceived of India in their literature art and religious thought in the premodern era **Sacred Texts Interpreted** Carl Olson, 2017-10-05 Covering the major monotheistic religions Christianity Judaism and Islam as well as selected Eastern religions and Bah Zoroastrianism and Mormonism this cross cultural book offers excerpts of sacred texts and interprets passages to enable a deeper understanding of these religious writings Sacred Texts Interpreted Religious Documents Explained gives readers the opportunity to examine

directly the primary sources of different religions and to better understand these texts through expert commentary on selected passages The interpretative material investigates the nature of sacred texts along with the relationship between sacred scripture and canon and it explains why these sacred texts have enduring significance and influence The author provides suggestions on how to read a sacred text before turning to the textual selections from 13 religious traditions arranged alphabetically beginning with the Bah religion and ending with Zoroastrianism Each chapter is devoted to the primary textual sources of a particular religious tradition and is prefaced by an introduction to the literature that places it within its historical and cultural heritage The emphasis for each religion is on its foundational scriptures that are often considered sacred by its adherents Readers will gain a much greater appreciation of how powerful religious texts have always been across human culture and throughout millennia and of how religious thought and ideology have shaped daily life built civilizations inspired art and literature and incited wars and violence

Buddhist Historiography in China John Kieschnick, 2022-07-29 Winner 2023 Toshihide Numata Book Award Numata Center for Buddhist Studies at the University of California Berkeley Since the early days of Buddhism in China monastics and laity alike have expressed a profound concern with the past In voluminous historical works they attempted to determine as precisely as possible the dates of events in the Buddha s life seeking to iron out discrepancies in varying accounts and pinpoint when he delivered which sermons Buddhist writers chronicled the history of the Dharma in China as well compiling biographies of eminent monks and nuns and detailing the rise and decline in the religion s fortunes under various rulers They searched for evidence of karma in the historical record and drew on prophecy to explain the past John Kieschnick provides an innovative expansive account of how Chinese Buddhists have sought to understand their history through a Buddhist lens Exploring a series of themes in mainstream Buddhist historiographical works from the fifth to the twentieth century he looks not so much for what they reveal about the people and events they describe as for what they tell us about their compilers understanding of history Kieschnick examines how Buddhist doctrines influenced the search for the underlying principles driving history the significance of genealogy in Buddhist writing and the transformation of Buddhist historiography in the twentieth century This book casts new light on the intellectual history of Chinese Buddhism and on Buddhists understanding of the past
