Antonio Azorín Azorín,1913 *The Novelistic Technique of Azorin (José Martínez Ruiz)* Kathleen Mary Glenn,1973  
Azorín John A. Catsoris,1972 *In Pursuit of the Natural Sign* Gayana Jurkevich,1999 This is the first major study on Azorin to appear in two decades The first part explores parallels between the cultural milieus in France and Spain when both countries lost their colonies in the second half of the nineteenth century The second part studies the fiction and essays of Jose Martinez Ruiz Azorin Illustrated *Cambridge Readings in Spanish Literature* J. Fitzmaurice-Kelly,2012-03-29 A 1920 selection of extracts that are mainly characteristic of their authors Antonio Azorin Azorín,1920 *A History of the Spanish Novel* J. A. Garrido Ardila,2015-04-30 The origins of the Spanish novel date back to the early picaresque novels and Don Quixote in the sixteenth and seventeenth centuries and the history of the genre in Spain presents the reader with such iconic works as Gald s s Fortunata and Jacinta Clar n s La Regenta or Unamuno s Mist A History of the Spanish Novel traces the developments of Spanish prose fiction in order to offer a comprehensive and detailed account of this important literary tradition It opens with an introductory chapter that examines the evolution of the novel in Spain with particular attention to the rise and emergence of the novel as a genre during the sixteenth and seventeenth centuries and the bearing of Golden Age fiction in later novelists of all periods The introduction contextualises the Spanish novel in the circumstances and milestones of Spain s history and in the wider setting of European literature The volume is comprised of chapters presented diachronically from the sixteenth to the twenty first century and others concerned with specific traditions the chivalric romance the picaresque the modernist novel the avant gardist novel and with some of the most salient authors Cervantes Zayas Gald s and Baroja A History of the Spanish Novel takes the reader across the centuries to reveal the captivating life of the Spanish novel tradition in all its splendour and its phenomenal contribution to Western literature Transparent Simulacra Robert C. Spires,1988 The development of basic textual strategies in Spanish fiction from 1902 to 1926 is the focus of this study Challenging traditional views of the relationships between the literature produced by the Generation of 1898 and the Spanish vanguard movement Spires traces through analyses of select works a process of evolution beginning at the turn of the century and continuing into the 1920s Spires demonstrates how the somewhat tentative strategies of the first decade became more daring in the second As opposed to the extant historical autobiographical and thematic surveys of this period Transparent Simulacra features structuralist and post structuralist readings of fiction by Baroja Azor n Unamuno P rez de Ayala G mez de Serna Jarn s and Salinas These approaches offer not only revisionist views of a literary period but also revisionist readings of some of Spain s best known fiction A Dream of Arcadia Lily Litvak,2014-08-19 The dream of progress that animated many nineteenth century artistic and political movements gave way at the turn of the century to a dissatisfaction with the Industrial Civilization and a recurrent pessimism about a future dominated by mechanization Art Nouveau which was both a style and a movement embodied this dissatisfaction marking the turn of the century period with

an aesthetic that consciously set out to revolutionize literature the arts and society within the framework of a brutalizing wildly burgeoning Industrial Civilization Generally associated with northern European culture Art Nouveau also had a great impact in the south particularly in Spain A Dream of Arcadia is the first work to explore Spain s fertile and imaginative Art Nouveau Through the eyes of four major Spanish writers Lily Litvak views several different aspects of the turn of the century struggle against the advances of industrialism in Spain Her interpretation of the early works of Ram n del Valle Incl n Miguel de Unamuno Jos Mart nez Ruiz Azor n and P o Baroja exposes a longing for a preindustrial arcadia based on a return to nature the revival of handicrafts and medieval art an attraction to rural primitive societies and a revulsion against the modern city Set against the European literary and artistic background of the period her observations place the Spanish manifestations of Art Nouveau within the context of the better known northern phenomena Of particular interest is her discussion of the influences of John Ruskin William Morris and the Pre Raphaelites which demonstrates how the general European mood was articulated in Spain Litvak concludes that Valle Incl n Unamuno Azor n and Baroja must be considered as more than simply fin de si cle writers for they became part of a general movement generated by Art Nouveau that spans an entire century A Dream of Arcadia demonstrates that Art Nouveau was more than a flash on Europe s artistic horizon it is a philosophy with ramifications that have led to communes handcrafted articles and nomadic adolescents in search of truth

Altisent,2008 The Spanish novel in a turbulent century This collection of studies by eighteen prominent theorists and critics offers a diverse panorama of the modern Spanish novel seen through the prism of Spain s recent political cultural and ideological history It considers the development of the novel as a social mirror and as a changing literary form torn between the tradition of stern realism and the aesthetics of rupture affecting all Western literature from the Avant Garde to the Postmodern age While some essays emphasise the Spanish cultural context and canonical writers others are of a broader nature grouping lesser known writers under certain literary tendencies the metaphysical novel the urban novel recuperative accounts of the Civil War feminine first person narrations and the rise of the popular detective historical and erotic novels Three studies address the resurgence of the Catalan Basque and Galician novel and their departure from a poetics of identity to one of global concerns Interdisciplinary approaches address the reciprocal impacts of literature and cinema and the effects of the marketplace on the consumption of fiction are not forgotten The Companion provides ample bibliographies and a valuable chronology while all titles and quotations are translated into English Contributors Marta E Altisent Katarzyna Olga Beilin Ram n Buckley Jos F Colmeiro Stacey Dolgin Casado Sebastiaan Faber David K Herzberger Carlos Alex Longhurst Kathleen N March Cristina Mart nez Carazo Alfredo Mart nez Exp sito Nina L Molinaro Gonzalo Navajas Mari Jose Olaziregi Janet D P rez Randolph D Pope Josep Miquel Sobrer H Rosi Song      *Azorín, the Little Philosopher* Anna Krause,1948      **The Genius of Spain and Other Essays on Spanish Contemporary Literature** Salvador de Madariaga,1923      **A History of**
