Apostles Today:

Apostles Today Benji G. McNair Scott, 2014-06-02 Are apostles amongst us today According to a growing section of the church the answer is yes This book investigates and appraises that idea seeking answers to the following questions in the context of the church in the USA and particularly Britain Is there a robust scriptural justification for the charismatic apostolate CA that most charismatic groups are proclaiming How widespread is this belief and why has it become more commonplace What kind of apostles are being advocated by influential popular teachers What does church history and tradition have to offer to this idea Is there a way to endorse and embrace ecumenically the CA Does the CA have a future in the universal church These are important questions to answer for the sake of the church's mission and health [20 Things To Know About Apostles Today](#) David Alley, The Church is changing It is moving from being institutional to being relational The restoration of apostles is a big part of that process *God's Super-Apostles* R. Douglass Geivett, Holly Pivec, 2018-07-25 This critique provides a framework for understanding and interpreting the widespread but little known New Apostolic Reformation movement As the authors state in the preface We write this book with two major goals in mind First to give people an idea of the sheer size and reach of the NAR movement And second to systematize its key teachings and practices and evaluate them on the basis of Scripture and careful reasoning In our judgment the NAR perspective crosses these boundaries that is certain broad parameters revealed in Scripture and practiced in the historical orthodox church and it does so in part because of flawed theology rooted in a flawed understanding of Scripture **The Prosperity Gospel in Africa** Marius Nel, 2020-06-15 Africans prevailing interest in the prosperity gospel is not only connected to the influence of American prosperity teachers reaching a worldwide audience through their imaginative use of the media but is also related to the African worldview and African traditional religion and its lasting influence on contemporary Africans and the way they think about prosperity as well as their interest in prosperity in post colonial Africa The research from a classical Pentecostal perspective about the impact of the prosperity message on Africa is necessary timely and relevant because of its influence in the African Pentecostal movement and its potential to harm the faith of believers leading to the potential disillusionment of Christian believers who put their trust and money in formulas and recipes that seemingly only work for others especially the prosperity leaders who lead by example with incredulous riches and wealth **Apostles Today** C.
