The Apostolic Fathers Edward D Andrews, Joseph B. Lightfoot, 2014-03-27 The Apostolic Fathers are a small number of Early Christian authors who lived and wrote in the second half of the 1st century and the first half of the 2nd century They are acknowledged as leaders in the early church although their writings were not included in the New Testament They include Clement of Rome Ignatius of Antioch Polycarp of Smyrna the author of the

Didache and the author of the Shepherd of Hermas **The Writings of the Apostolic Fathers** Paul Foster,2007-01-01 The Writings of the Apostolic Fathers refer to a group of miscellaneous Christian writings produced in the first and second centuries The authors of these writings were considered by seventeenth century scholars to be the next generation of Apostles and as a result were named The Apostolic Fathers Perceived by many scholars to be the most important collection of post New Testament writings a number of these texts were in fact considered for the Canon of the New Testament but later rejected Their obvious significance stems from the fact that they are the first Christian writings produced outside the New Testament Canon and as such contain an essential insight into the development of the early Christian Church and Christian thinking Much Christian Doctrine came not from the New Testament but from the writings produced by the early church and in particular the writings of the Apostolic Fathers Therefore these texts are crucial to an understanding of the shaping of Christian thought and Christian doctrine This volume will provide readers with an overview of each of the eleven texts together with a general introduction Communicating the best recent scholarship to a broad audience each chapter offers a treatment of the most controversial aspects of each text and discusses the theology of each of the writings in order to orient readers to the development of Christian thinking in the second century Each article ends with a carefully chosen select bibliography to enable further reading **The Apostolic Fathers ...: The epistles of St. Ignatius and St. Polycarp, with a history of the Christian church in the second century** Edward Burton,1909 **Studies in the Apostolic Fathers and Their Background** Leslie William Barnard,1967 **The Apostolic Fathers, A New Translation and Commentary, Volume II** Robert M. Grant,Holt H Graham,2020-05-14 This is the second in a new six volume translation of and commentary on the works of the Apostolic Fathers The writings of these men which immediately follow the books of the New Testament make up a body of literature that provides indispensable source material for the study of the formation of the Christian Church Interest in the early Church is higher today than ever before Theologians religious authorities students and historians find the initial stages of Church development relevant to the contemporary structure of the Church Volume 2 First and Second Clement provides translation of and commentary on two of the best known writings of the Apostolic Fathers The First Letter of Clement or more accurately the letter of the Roman Church to the Corinthian community provides a significant mixture of scriptural and non scriptural motifs The so called Second Letter of Clement is neither a letter nor by Clement Actually it is a sermon which deals first with self control and more generally with exhorting the hearers to repentance and thereby to salvation and life Not until the rise of historical scholarship in the nineteenth century could its real importance begin to be adequately assessed
