Parallel Computing and Transputers D. Arnold,1994 The broadening of interest in parellel computing and transputers is reflected in this text Topics covered include concurrent programming graphics and image processing and robotics and control It is based on the proceedings of the 6th Australian Transputer and Occam User Group Transputer and Occam Research World Occam and Transputer User Group. Technical Meeting,1993 The papers included in this book provide a wide coverage of current thinking and the new concepts which are being developed resulting from the introduction of the T9000 The role and use of the newly developed transputer and associated routing component the C104 is discussed and the use of existing range of transputers in the embedded systems market is also dealt with **Transputer Applications and Systems**

'93 Reinhard Grebe,1993 Proceedings Parallel Computing *Networks, Routers and Transputers* P. W. Thompson,P. H. Welch,1993 The introduction of high speed serial communication links and general purpose VLSI routers offers new opportunities in system design C104 routers can be used to construct high throughput low latency interconnection networks for use in telecommunications parallel computers and electronic systems in general The T9000 transputer with its integrated communication links can be connected directly to these networks providing high performance data handling protocol conversion and network control This text concentrates on aspects related to scaleable general purpose high performance computing low latency message passing and parallel processing *Transputer/Occam Japan 4* S. Noguchi,H. Umeo,1992 Comprises discussions presented by leading international experts on the application of transputers Coverage includes formalism specifications and design concurrent systems development parallel algorithms real time systems and applications

Parallel Computing Jonathan P. Gray,Fazel Naghdy,1995 The broadening of interest in parallel computing and transputers is reflected this book Topics discussed include concurrent programming graphics and image processing parallel applications robotics and control and software tools The book also features a collection of abstracts of poster presentations

Transputer and Occam Developments World Occam and Transputer User Group. Technical Meeting,1995 This volume contains papers presented at the 18th meeting of the World Occam and Transputer User Group Wotug The papers cover a wide range of transputer and OCCAM related topics such as the the porting and development of the OCCAM language highlighting the need for cross platform implementations of OCCAM compilers design approaches and applications

Progress in Transputer and Occam Research World Occam and Transputer User Group. Technical Meeting,1994 The contributed chapters to this volume provide a broad coverage of the areas of research in current parallel computing architectures languages and tools graphics and fault tolerance Additionally the Inmos approach to building an asynchronous

transfer mode system and the University of Twente method for designing system level embedded controllers are featured in this work

Transputer Applications Gordon Harp,1989 An introduction to the transputer family and OCCAM which also demonstrates how the transputer can be used with a range of applications It outlines the requirements for parallel processing and provides case studies in a range of applications suitable for arrays of transputers

Parallel Processing Developments World Occam and Transputer User Group. Technical Meeting,1996 Technical articles on the 19th meeting of the World Occam and Transputer User Group WoTUG They cover a wide range of topics from hardware applications to software tools for of parallel processing support not solely related to transputers Part of the book focusses on the retargeting of the occam compiler to a range of other processors

Proceedings of the ... Australian Transputer and OCCAM User Group Conference ,1993

Occam and the Transputer - Research and Applications Occam User Group. Technical Meeting,1988

Transputer Applications Notebook INMOS Limited,1989

Transputer Systems, Ongoing Research World Occam and Transputer User Group. Technical Meeting,1992 This volume contains the papers presented at the 15th Technical Meeting of the World Occam and Transputer User Group WOTUG 15 offering a representation of current work being undertaken in the transputer field Two invited papers outline the development of systems architecture and programming environments which aim to make the power of the next generation transputers readily available
