

CULTIVATING CREATIVITY

Provide resources they need for creative expression

Provide a creative space for them, such as a room to play dress up, a place in the garage for painting, or a corner in your living room for Legos. Allow easy access for art supplies, costume pieces and building materials.

Play with storytelling

Help your child get those creative wheels turning by telling them a story. This story could be about anything that you imagine, perhaps it's about your family pet, or the flowers in your garden. When you are done telling your story, ask your child to create one of their own.

Go on a creative outing together

It can be anything from taking a nature walk, visiting the museum, the library or the zoo. These types of expeditions will help you child take in new imagery with the changing scenery, as well as create family bonding. Take some time to list at least five creative expeditions that you and your child can enjoy together.

Encourage your child to participate in the arts

Make time for creative activities by limiting TV and other screen time. Your child can engage in activities, such as rehearsing a play, learning to draw, writing a story, or reading a book.

Allow your children the freedom to explore their ideas and express themselves fully

Let them know that it is okay to color outside of the lines, it's okay to make their own rules when it comes to creative expression.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
