Cultural Gerontology:

Routledge Handbook of Cultural Gerontology Julia Twigg, Wendy Martin, 2015-06-12 Later years are changing under the impact of demographic social and cultural shifts No longer confined to the sphere of social welfare they are now studied within a wider cultural framework that encompasses new experiences and new modes of being Drawing on influences from the arts and humanities and deploying diverse methodologies visual literary spatial and theoretical perspectives Cultural Gerontology has brought new aspects of later life into view This major new publication draws together these currents including Theory and Methods Embodiment Identities and Social Relationships Consumption and Leisure and Time and Space Based on specially commissioned chapters by leading international authors the Routledge Handbook of Cultural Gerontology will provide concise authoritative reviews of the key debates and themes shaping this exciting new field

Acculturating Age: Approaches to Cultural Gerontology Brian J. Worsfold, 2011 Acculturating refers to the interchange of patterns of behaviour perceptions and ideas between groups of individuals who have different cultural backgrounds This book which is the result of collaboration between specialists from different disciplines from around the world allows the comparison of systems of dependency mediation skills empathy and social understanding and cultural attitudes towards people who experience the stages of aging

Other Cultures, Elder Years Ellen Rhoads Holmes, Lowell D. Holmes, 1995-05-24 Holmes and Holmes have revised their 1983 book and it remains a good supplement for an undergraduate gerontology course or anthropology course It is written at a readable level each chapter has a clear summary It provides an excellent summary of secondary sources avoiding extensive review of primary research complicated theory and methodological issues Clinical Gerontologist Hailed as extremely well organized balanced and impartial in its first edition by The Gerontologist Other Cultures Elder Years is once again available in a fully revamped second edition This new edition provides a comprehensive comparative viewpoint on our knowledge about worldwide patterns of aging It addresses everything from demographic patterns to family relations from perceptions of the life cycle to the impact of modernization on the aged Replete with summaries of crucial studies from various parts of the world Other Cultures Elder Years also offers three extended case descriptions of Inuit Samoan and white American aged as well as an examination of aging patterns among major American ethnic groups Among the other subjects the text addresses are cultural perspectives in health care the future of aging in America and creativity and the life cycle Other Cultures Elder Years is the key text available for use by anyone teaching courses on aging and culture I found the current book a significant improvement over the first edition It remains to be the only usable text in the anthropology of aging available I see the audiences for the book as instructors for the following courses Anthropology of Aging Sociology of Aging and general social gerontology courses I have used this book in past Anthropology of Aging courses and would do so again Jay Sokolovsky University of Maryland Baltimore County This book does a truly artful job of organizing and presenting the complex diversity of human experience related to aging and

cultural influence This book offers an implicit biocultural laboratory to the reader the biologic universal of human aging is shaped by the prism of cultural influence The reader is guided through the evolutionary history of aging among anthropoid primates to hominids to Homo sapiens sapiens who are then examined from cultural perspectives found around the globe The effect is one of inquiry search synthesis and ultimately a confrontation with our inner selves as we negotiate the inexorable march toward our ultimate destiny J Neil Henderson Suncoast Gerontology Center University of South Florida

Cultural Gerontology Lars Andersson, 2002-11-30 The concept of culture has gained considerable attention within the humanities and social sciences in general and this is certainly true in the field of gerontology The new perspectives thus gained widen the scope of gerontology In this study chapter authors examine the growth of gerontology as a discipline the phenomenon of ageism as a socio cultural concept identity politics in which older persons are perceived as belonging to a subculture and images of the older body in cultural perspective The manner in which gerontology emerged as a discipline was embedded in culturally defined views of aging that had consequences for how it was seen to vary between cultures One consequence was a perception of ageism as a cultural construction Since the 1980s much of the politics of older people is a form of identity politics in which groups are mobilized to further their interests Questions of cultural meanings ascribed to the gendered aging body is a central question for ageism social identity and self image These questions become especially relevant in confrontations with bodily decline and negotiations of intimacy in institutions for older people

Anthropology of Aging Marjorie M. Schweitzer,1991-06-19 During the 1970s Comparative Cultural Gerontology or the Anthropology of Aging with its focus on aging from a cross cultural perspective attained the status of a new speciality in the field of anthropology It was only in the late 1960s to the mid 70s that elderly people and the process of aging became recognized as a bona fide research topic for anthropology Majorie M Schweitzer s Anthropology of Aging looks at aging from this cross cultural perspective and updates the Association for Anthropology and Gerontology s

previously published Topical Bibliography and the Supplement to the Topical Bibliography on the Anthropology of Aging Schweitzer focuses on citations that represent anthropological perspectives and or cross cultural data with data from other disciplines included when warranted Besides a greatly expanded number of bibliographical references Schweitzer s work includes annotations for particularly important citations including those that address special issues such as method and theory as they relate to aging and those that provide the clearest treatment of a particular topic The topical outline of the 1982 volume has been retained with only minor additions and changes making the Bibliography both easy to use and a rich resource for researchers Over 40 international scholars in the field of aging have updated the various sections of the original bibliography Organized according to two kinds of topics subject topics such as Modernization and regional cultural group topics such as Great Britain American Indian the reference contains 14 chapters that investigate research on the subject from Africa to the Pacific Rim USSR USA Europe Israel and more Beginning with a chapter that zeroes in on general theoretical and comparative works the volume precedes with chapters that examine demography biology and longevity medical aspects of aging non industrialized societies national cultures modernization and ethnic rural segments of the United States The last six chapters examine social structure community organization and age homogeneous residences urban aged social networks support systems women death and dying and methods The final chapter contains a list of additional bibliographies A must for most research libraries this comprehensive bibliography will be widely used by teachers students researchers social workers service providers and administrators from many different disciplines

The Cultural Context of Aging Jay Sokolovsky, 1997 This volume uses the concept of culture to explore the parameters of aging and being old in a worldwide context thus providing a true cross cultural and qualitative approach to social gerontology Containing both specific case studies and broader analytical articles this revised and expanded second edition focuses on the multitude of cultural solutions societies have available for dealing with the challenges problems and opportunities of growing old Composed almost exclusively of specially commissioned articles the text is organized around six topical areas which cover the major concerns of cross cultural social gerontology Each section is preceded by an introduction providing a framework for the chapters and highlighting key related issues Also included are state of the art resource guides including Internet sites special student resources data sets and annotated bibliographies of related readings The authors come from the fields of anthropology sociology gerontology social work psychology psychiatry and nursing Through explorations of the experiences of real people the contributors illuminate how elders actually live in such places as U S urban ethnic enclaves rural Kenya a South Seas island urban China or a New York City women s shelter Dealing directly with key practical issues relevant to those seeking to pursue a career in the aging field this volume covers policy implications of demographic aging culture and successful aging culture and caregiving gender and aging grandparenthood and the crisis in urban families informal social support homelessness and aging nursing homes and pet therapy assisted suicide and death hastening behavior the aging

woman and widowhood rural aging self help groups and the cultural response to Alzheimer s disease This essential text allows students to understand fully how culture can dictate what may appear to be natural responses to elders and aging
