Cultural Forces In World Politics:

Cultural Forces in World Politics Ali Al'Amin Mazrui, 1990 Ali Mazrui makes us reconsider the realities of power in world politics He argues that the emphasis continues to be on arms on resources and on strategic calculations and that the importance of culture has been grossly underestimated Mazrui s own mind is a cultural crossroads he can give Islamic insights to Western audiences about The Satanic Verses he relates the Beijing Spring to the Palestinian Intifada he compares the effects of Zionism and Apartheid he puts together Muhammad Marx and market forces he tells the Americans that their attitude to the Third World is a dialogue of the deaf The three sections of his masterful book are entitled The Cultural Sweep of History Ideology and Power and In Search of Change **Cultural Forces in World Politics** Ali Al'Amin Mazrui, 1996

The Global African Omari H. Kokole, 1998 Anticipating the auspicious convergence of his 60th birthday and the 30th anniversary of his professorial debut Ali A Mazrui s students friends and colleagues seized the opportunity to critically assess the significance of the prodigious body of scholarship affectionately dubbed Mazruiana In November 1992 in Seattle Washington four panels devoted exclusively to Mazruiana were convened at the annual meetings of the African Studies Association with the added attraction of Mazrui s attendance at the convocation and his immediate personal response to the original papers presented there While no single volume could do justice to Mazrui s colossal literary output here at least is gathered the collective investigative insight of a team of well informed critics into select salient facets of this provocative but stimulating literary and intellectual phenomenon The long list of contributors to this Festschrift includes John W Harbeson Dunstan M Wai Darryl C Thomas Negussay Ayele Parviz Morewedge Hussein M Adam Alamin M Mazrui Claude E Welch Peter N Thuynsma Richard L Sklar Betty J Craige Molar Ogundipe Leslie Chaly Sawere Bujur Avari Diana Frank Omari H Kokole and Ali A Mazrui himself **World Politics in Modern Civilization** Harry Elmer Barnes, 1930 A noteworthy stimulating appraisal of the leading trends in world politics and international relations The larger part of the book is devoted to an analysis of the causes and results of the world war with a discussion of post war efforts towards the establishment of world justice and international peace The treatment of personalities and of events is unconventional and straightforward USA, India, Africa During and After the Cold War Godfrey Okoth, 2010-12-29 The Cold War period witnessed competition from political economic ideological diplomatic military and social dimensions between the United States of America USA and the then Union of Soviet Socialist Republics USSR In the superpower rivalries India and Africa were adversely affected in many ways The situation did not change for the better in the post Cold War period which has witnessed the domination of the world by the US and its allies the Group of Eight G 8 industrialised countries This domination has been characterised by the process of Americanization of the worlds otherwise termed globalisation in virtually all spheres of life USA India Africa During and After the Cold War demonstrates that both the United States and The Soviet Union used African States India and other Third World countries for their own geopolitical considerations that the

foreign policy and foreign relations of the US were meant to subject Africa and India to the dictates of US imperialism The book assesses the impact of the Cold War and the post Cold War order on Africa India and the entire world and argues that the Non Aligned Movement is still relevant to the Third World countries despite the demise of the Cold War The book analyses issues from the African point of view as opposed to hitherto Western view points but provides a balanced appreciation of the complex forces that shape foreign policies and foreign relations globally It is a valuable contribution to modern diplomatic history and targets university students researchers foreign affairs ministries and practising diplomats
