

H A N S J . H A C K E R

A close-up photograph of a wooden gavel resting on its corresponding wooden block. The gavel is positioned diagonally, with the head of the gavel pointing towards the bottom right. The wood has a natural, slightly weathered appearance. The background is a dark, textured surface, possibly a table or desk.

Ann Southworth

Culture Of Conservative Christian Litiga:

The Culture of Conservative Christian Litigation Hans J. Hacker, 2005-05-05 Over the past decade conservative Christian public law firms have been some of the most active and aggressive litigators in the nation Their efforts have impacted important policy areas including religion in the Public Square school prayer gay rights family values and abortion policy But the Fundamentalist Christian Evangelical social movement is not monolithic In this probing and judicious work Hacker explores and clarifies the influence of ideology on the goals and behavior of three leading conservative Christian law firms and how they differ in agendas and approach He provides rich interview narratives that shed light on interest group behavior and how it is influenced by internal group characteristics

The Culture of Conservative Christian Litigation Hans J. Conservatives and the Constitution Ken I. Kersch, 2019-03-28 Recovers a contested evolving tradition of conservative constitutional argument that shaped the past and is bidding to make the future

The Oxford Handbook of Church and State in the United States Derek H. Davis, 2010-10-19 Study of church and state in the United States is incredibly complex Scholars working in this area have backgrounds in law religious studies history theology and politics among other fields Historically they have focused on particular angles or dimensions of the church state relationship because the field is so vast The results have mostly been monographs that focus only on narrow cross sections of the field and the few works that do aim to give larger perspectives are reference works of factual compendia which offer little or no analysis The Oxford Handbook of Church and State in the United States fills this gap presenting an extensive multidimensional overview of the field Twenty one essays offer a scholarly look at the intricacies and past and current debates that frame the American system of church and state within five main areas history law theology philosophy politics and sociology These essays provide factual accounts but also address issues problems debates controversies and where appropriate suggest resolutions They also offer analysis of the range of interpretations of the subject offered by various American scholars This Handbook is an invaluable resource for the study of church state relations in the United States

Roe Mary Ziegler, 2023-01-24 The leading U S expert on abortion law charts the many meanings associated with Roe v Wade during its fifty year history Ziegler sets a brisk pace but delivers substantial depth A must read for those seeking to understand what comes next Publishers Weekly What explains the insistent pull of Roe v Wade Abortion law expert Mary Ziegler argues that the U S Supreme Court decision which

decriminalized abortion in 1973 and was overturned in 2022 had a hold on us that was not simply the result of polarized abortion politics Rather Roe took on meanings far beyond its original purpose of protecting the privacy of the doctor patient relationship It forced us to confront questions about sexual violence judicial activism and restraint racial justice religious liberty the role of science in politics and much more In this history of what the Supreme Court s best known decision has meant Ziegler identifies the inconsistencies and unsettled issues in our abortion politics She urges us to rediscover the nuance that has long resided where we would least expect to find it in the meaning of Roe itself **The Religious Right** Glenn H. Utter,John Woodrow Storey,2007 Timely and unbiased this edition updates and expands its examination of the religious right and its influence on our government citizens society and politics From the fight to outlaw the teaching of Darwin s theory of evolution to the struggle to outlaw abortion the religious right is continually exerting an influence on public policy Religion of Fear Jason Bivins,2008-08-28 Conservative evangelicalism has transformed American politics working not just through conventional channels but through subcultures and alternate modes of communication This text is a significant introduction to our understanding of the new shapes of political religion and of American evangelicalism

Onward Christian Soldiers Clyde Wilcox,Carin Robinson,2006-01-31 Focusing on groups such as the Moral Majority the Christian Coalition and the religious right this book tells us who they are what their history has been in twentieth century American politics and how they might organize themselves for future political effectiveness *The Praeger Handbook of Religion and Education in the United States: M-Z* James C. Carper,Thomas C. Hunt,2009 Ten Commandments displays prayer at football games Bible in the curriculum vouchers for tuition at religious schools Pledge of Allegiance wall of separation between church and state among other hot button issues at the intersection of religion and education generate a great deal of heat but often light is sorely lacking The Praeger Handbook of Religion and Education in the United States provides a unique source of light to educators religious leaders journalists policy makers parents and the general public as well as a useful resource for scholars interested in the impact of religion on the origins development and current shape of the American educational landscape *Lawyers of the Right* Ann Southworth,2008-11-15 A timely and multifaceted portrait of the lawyers who serve the diverse constituencies of the conservative movement Lawyers of the Right explains what unites and divides lawyers for the three major groups social conservatives libertarians and business advocates that have coalesced in recent decades behind the Republican Party Drawing on in depth interviews with more than seventy lawyers who represent conservative and libertarian nonprofit organizations Ann Southworth explores their values and identities and traces the implications of their shared interest in promoting political strategies that give lawyers leading roles She goes on to illuminate the function of mediator organizations such as the Heritage Foundation and the Federalist Society for Law and Public Policy that have succeeded in promoting cooperation among different factions of conservative lawyers Such cooperation she finds has aided efforts to drive law and the legal profession politically rightward and to give lawyers greater

prominence in the conservative movement Southworth concludes though that tensions between the conservative law movement's elite and populist elements may ultimately lead to its undoing *Current Publications in Legal and Related Fields*, 2006 *Current Law Index*, 2007 **Cultures at War** T. Alexander Smith, Raymond Tatalovich, 2003 This book marries rigorous scholarship with riveting examples of morality policy The role of values ethics and competing moral visions in public policy has long needed treatment of this scope and clarity Leslie A Pal Carleton University **Choice**, 2008 **Proteus**, 2006 [Countercultural Conservatives](#) Axel R. Schäfer, 2011-12-13 In the mid twentieth century far more evangelicals supported such liberal causes as peace social justice and environmental protection Only gradually did the conservative evangelical faction win dominance allying with the Republican Party of Ronald Reagan and eventually George W Bush In *Countercultural Conservatives* Axel Sch fer traces the evolution of a diffuse and pluralistic movement into the political force of the New Christian Right In forging its complex theological and political identity evangelicalism did not simply reject the ideas of 1960s counterculture Sch fer argues For all their strict Biblicism and uncompromising morality evangelicals absorbed and extended key aspects of the countercultural worldview Carefully examining evangelicalism's internal dynamics fissures and coalitions this book offers an intriguing reinterpretation of the most important development in American religion and politics since World War II **The Rights Turn in Conservative Christian Politics** Andrew R. Lewis, 2017-10-19 *The Rights Turn in Conservative Christian Politics* documents a recent fundamental change in American politics with the waning of Christian America Rather than conservatives emphasizing morality and liberals emphasizing rights both sides now wield rights arguments as potent weapons to win political and legal battles and build grassroots support Lewis documents this change on the right focusing primarily on evangelical politics Using extensive historical and survey data that compares evangelical advocacy and evangelical public opinion Lewis explains how the prototypical culture war issue abortion motivated the conservative rights turn over the past half century serving as a springboard for rights learning and increased conservative advocacy in other arenas Challenging the way we think about the culture wars Lewis documents how rights claims are used to thwart liberal rights claims as well as to provide protection for evangelicals whose cultural positions are increasingly in the minority they have also allowed evangelical elites to justify controversial advocacy positions to their base and to engage more easily in broad rights claiming in new or expanded political arenas from health care to capital punishment **Northwestern Christian Advocate**, 1915 *Mothers of Six Cultures* Leigh Minturn, William Wilson Lambert, 1964 **Country Lawyers** Donald Landon, 1990-02-12 The first broad based study of its kind this volume focuses on lawyers practicing in small towns and villages in order to determine whether the practicing rural bar is as profoundly shaped by the environment in which it operates as the metropolitan bar has been shown to be in previous studies Based on interviews with 201 attorneys from 116 different communities and using comparative data from a metropolitan setting the author identifies the structuring influences that operate in small town settings and argues that the rural bar is

shaped more by external forces than by the internal logic of the legal doctrine or fields of practice
