## **Cults In Context:**

*Cults in Context* Lorne Dawson, 2018-02-06 In the face of the increasingly variegated ideological landscape of contemporary America cults have become the focus of public controversy The growth of new religions has been matched by the development of an organized and vocal opposition the anti cult movement This in turn has prompted an extensive investigation of new religious movements NRMs by sociologists and psychologists of religion as well as historians and religious studies scholars The readings collected here contribute to the debate about cults by sampling some of the best and most accessible publications from the academic study of NRMs The contributors address the questions most commonly asked about cults such as What brought about the emergence of new religious movements What is a cult or new religious movement Who joins new religious movements and why Are converts to new religious movements brainwashed Why did the Jonestown and Waco tragedies happen Are cults inclined to be violent What does the emergence of so many new religious movements say about our society What does it say about the future of religion *Cults in Context* surveys the descriptive typologies theories and data accumulated by sociologists and psychologists studying new religious movements over the last twenty years It serves to defuse many popular fears and misconceptions about cults allowing the reader to develop a more reasonable and tolerant understanding of the people who join new religious movements and the functions of these movements in contemporary society

*Cults in Context* Lorne L. Dawson, 1998 In the face of the increasingly variegated ideological landscape of contemporary America cults have become the focus of public controversy The growth of new religions has been matched by the development of an organized and vocal opposition the anti cult movement This in turn has prompted an extensive investigation of new religious movements NRMs by sociologists and psychologists of religion as well as historians and religious studies scholars The readings collected here contribute to the debate about cults by sampling some of the best and most accessible publications from the academic study of NRMs The contributors address the questions most commonly asked about cults such as What brought about the emergence of new religious movements What is a cult or new religious movement Who joins new religious movements and why Are converts to new religious movements brainwashed Why did the Jonestown and Waco tragedies happen Are cults inclined to be violent What does the emergence of so many new religious movements say about our society What does it say about the future of religion *Cults in Context* surveys the descriptive typologies theories and data accumulated by sociologists and psychologists studying new religious movements over the last twenty years It serves to defuse many popular fears and misconceptions about cults allowing the reader to develop a more reasonable and tolerant understanding of the people who join new religious movements and the functions of these movements in contemporary society

**Comprehending Cults** Lorne L. Dawson, 1998 Cults what do we really know about them Long the focus of controversy cults or what sociologists prefer to call new religious movements have been studied by scholars for years Yet little of this information has made its way into public awareness This book summarizes

synthesizes and assesses the results of years of research into new religious movements by historians, sociologists and psychologists of religion. Organized in terms of seven of the most commonly asked questions about cults, e.g. Why did they emerge? Who joins them and why? Why do some become violent? The book clarifies the issues at stake, seeking to replace prejudice and speculation with reliable insights into the nature of cult activity. Written in an easy-to-read yet detailed manner, **Comprehending Cults** provides an excellent introduction to the study of new religious phenomena. **Cults and New Religious Movements** Lorne L. Dawson, 2003-06-02. What is a cult? Why do they emerge? Who joins them? And why do tragedies such as Waco and Jonestown occur? This reader brings together the voices of historians, sociologists and psychologists of religion to address these key questions about new religious movements. Looks at theoretical explanations for cults, why people join and what happens when they do. Brings together the best work on cults by sociologists, historians and psychologists of religion. A broad-ranging, balanced and clearly organized collection of readings. Includes coverage of topical issues such as the brainwashing controversy and cults in cyberspace. Section introductions by the editor situate the nature, value and relevance of the selected readings in context of current discussions. Religion in Context I. M. Lewis, 1996-04-18. Religious power assumes many strikingly different forms which are often regarded as unique, unrelated and even mutually exclusive. Religion in Context however adopts a holistic approach and argues that these apparently contradictory mystical experiences are in fact part of a web of mutually defining and sustaining elements. Stressing the importance of rigorous social contextualisation, I. M. Lewis analyses phenomena such as spirit possession, witchcraft, cannibalism and shamanism, revealing connections between them and with the world religions. This expanded and updated edition illuminates critical aspects of religious power and demonstrates the value of a comparative approach to formulating anthropological theory. It will be of value to students of anthropology, religion and to anyone concerned with the nature of religion in the modern world.

**Greek Heroine Cults in Their Social and Literary Contexts** Jennifer Lynn Larson, 1992. **Cults of Boiotia** Albert Schachter, 1981. *The Roman Mithras Cult* Olympia Panagiotidou, Roger Beck, 2017-11-02. *The Roman Mithras Cult: A Cognitive Approach* is the first full cognitive history of an ancient religion. In this groundbreaking book on one of the most intriguing and mysterious ancient religions, Roger Beck and Olympia Panagiotidou show how cognitive historiography can supplement our historical knowledge and deepen our understanding of past cultural phenomenon. The cult of the sun god Mithras, which spread widely across the Greco-Roman world at the same time as other mystery cults and Christianity, offered to its devotees certain images and assumptions about reality. Initiation into the mysteries of Mithras and participation in the life of the cult significantly affected and transformed the ways in which the initiated perceived themselves, the world and their position within it. The cult's major ideas were conveyed mainly through its major symbolic complexes. The ancient written testimonies and other records are not adequate to establish a definitive reconstruction of Mithraic theologies and the meaning of its complex symbolic structures. Filling this gap, *The Roman Mithras Cult: A Cognitive Approach* identifies the

cognitive and psychological processes which took place in the minds and bodies of the Mithraists during their initiation and participation in the mysteries enabling the perception apprehension and integration of the essential images and assumptions of the cult in its worldview system *The Cults of the Greek States* Lewis Richard Farnell,1909 Greek and Roman Cults in Horace's Odes Lucile Powell,1915 **Sanctuaries and Cults in the Aegean Bronze Age** Robin Hägg,Nanno Marinatos,1981 **Religious Cults Associated with the Amazons** Florence Bennett Anderson,1912 *Local Cults in Etruria* Lily Ross Taylor,1923 **Cults of the Greek States** Lewis Richard Farnell,1896 **Anthropos** ,2001 **Autopsy in Athens** Margaret M. Miles,2015-07-24 This is an exciting time to study in Athens The rescue excavations of recent years conducted during construction of the Metro system and in preparation for the 2004 Olympics Games combined with major restoration projects and a new enthusiasm for fresh examination of old material using new techniques and applications brings new perspectives and answers on many aspects of the ancient city of Athens and life politics and religion in Attica The 15 papers presented here contribute new findings that result from intensive firsthand examinations of the archaeological and epigraphical evidence They illustrate how much may be gained by reexamining material from older excavations and from the methodological shift from documenting information to closer analysis and larger historical reflection They offer a variety of perspectives on a range of issues the ambiance of the ancient city for passersby filled with roadside shrines techniques of architectural construction and sculpting religious expression in Athens including cults of Asklepios and Serapis the precise procedures for Greek sacrifice how the borders of Attica were defined over time and details of its road system In presenting this volume the contributors are continuing in a long tradition of autopsy in the sense of personal observation in Athens that began even in the Hellenistic period and has continued through the writings of centuries of travelers and academics to the present day **The Cults of Lesbos** Emily Ledyard Shields,1917 Rethinking Women's Roles Denise O'Brien,Sharon W. Tiffany,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984 **The Journal of Hellenic Studies** ,1924 Dependence in Context in Renaissance Florence Richard C. Trexler,1994

As recognized, adventure as without difficulty as experience roughly lesson, amusement, as with ease as concord can be gotten by just checking out a ebook **Cults In Context** with it is not directly done, you could understand even more on the subject of this life, roughly the world.

We meet the expense of you this proper as with ease as easy pretension to get those all. We manage to pay for Cults In Context and numerous books collections from fictions to scientific research in any way. in the midst of them is this Cults In Context that can be your partner.
