## **Anthropologists Cookbook:**

**The Anthropologists' Cookbook** Jessica Kuper,2012-11-12 First published in 1997 This cookbook invites you to sample cuisines that are still exotic even in the post modern kitchen Try out cooking techniques from the Colombian Amazon or from Highland New Guinea Experiment with recipes from a Malaysian fishing village or taste a Maroon dish from the Jamaican mountains The idea that a meal should be made up of a sequence of dishes is by no means universal but there is no reason why one might not construct a syncretic menu But this book does not just offer a string of recipes Cooking and eating can be a way of travelling to foreign countries just as food can trigger memories and bring the past back to you This book is also a practical introduction to the anthropology of food

**Food Culture in Sub-Saharan Africa** Fran Osseo-Asare,2005-06-30 East African notably Ethiopian cuisine is perhaps the most well known in the States This volume illuminates West southern and Central African cuisine as well to give students and other readers a solid understanding of how the diverse African peoples grow cook and eat food and how they celebrate special occasions and ceremonies with special foods Readers will also learn about African history religions and

ways of life plus how African and American foodways are related For example cooking techniques such as deep frying and ingredients such as peanuts chili peppers okra watermelon and even cola were introduced to the United States by sub Sahara Africans who were brought as slaves Africa is often presented as a monolith but this volume treats each region in turn with representative groups and foodways presented in manageable fashion with a truer picture able to emerge It is noted that the boundaries of many countries are imposed so that food culture is more fluid in a region Commonalities are also presented in the basic format of a meal with a starch with a sauce or stew and vegetables and perhaps some protein typically cooked over a fire in a pot supported by three stones Representative recipes a timeline glossary and evocative photos complete the narrative
