Plot Wizard Flash Fiction: A "Genie" For Creating Original Content Structure in Minutes for Short Stories Wycliffe A. Hill, 2017-09-25 Content Structure for Flash Fiction has never been so simple and fast What if all story ideas were able to be boiled down to a single formula Wycliffe A Hill had this idea in the 1930s when no less than Cecil B DeMille rejected one of his stories because it had a good narrative but no drama This led Hill to research what made a dramatic story That study led to a 1920s author who claimed based on even older research that there were only 36 possible conflicts through all dramatic works Not too long after Joseph Campbell produced his *Hero With a Thousand Faces* which prescribed the monomyth as a base for all stories Chris Vogler then championed this idea through Hollywood And the Star Wars saga as well as multiple Disney hits followed that generic model Robert Silverberg reviewed Hill's work as Pick one up follow the instructions write your story You might just find that a grand literary career is unfolding for you in a wondrous magical way *Creating Poetry* John Drury, 1991-05-15 How to begin a poem use word combinations and new forms apply the lessons from master poets to individual poems choose and use images and words carefully and much more
