Instructor's Manual Donald D. Yoder, Lawrence W. Hugenberg, Samuel P. Wallace, 1996-07-01 Developing Non-Hierarchical Leadership on Campus Shannon Faris, Kathleen McMahon, Charles Outcalt, 2000-10-30 Many problems that plague modern American society including disappearance of community decaying inner cities racial tensions environmental degradation declining civic engagement and the increasing ineffectiveness of government to name a few are in many respects problems of leadership Leadership means not only what elected and appointed public officials do but also the critically important civic work performed by those individual citizens who are actively engaged in making a positive difference in society Clearly one of the major problems with contemporary civic life in America is that too few of our citizens are actively engaged in efforts to effect positive social change Educators seldom acknowledge higher education's possible contribution to these problems or the role that it might play in alleviating them Colleges and universities provide rich opportunities for developing leaders through the curriculum and co-curriculum Co-curricular experiences not only support and augment the students formal classroom and curricular experience but can also create powerful learning opportunities for leadership development through collaborative group projects that serve the institution or the community These projects can be implemented through service learning residential living community work and student organizations In the first section Alexander W Astin and Helen S Astin two of the most influential authors in education and co-principal investigators for the research team that devised Social Change Model of Leadership Development share their insights on the model they helped create Also in this section other leading theoreticians offer provocative and challenging insights into non-hierarchical leadership The second section features case studies and other examples from the practical realm Contributions come from a wide array of programs and institutions from community colleges to Ivy League institutions to urban public universities Because campuses are increasingly diverse leadership programs must not only acknowledge but embrace the multiplicity of identities personified in their students Accordingly the next section offers essays and case studies on complex issues of intersection of leadership and identity The book concludes with two chapters essential for those seeking to access leadership development one focusing on the need for

assessment the other containing an account of the first ever instrument designed specifically to assess non hierarchical leadership written by the creator of this instrument
