Stress in Life? Caroline Gibson,2014-11-25 The feeling of being carefree is one of freedom Living a carefree life can help to minimize stress making living this way more important than one might think By living carefree and having a lowered stress level as a result you may reap many health benefits You will be able to sleep better wade off depression have a higher intelligence level and may even be able to stop yourself from getting a debilitating disease like heart disease or other ailments *Life* ,1929 **All in a Thought** Xingyun,Venerable Master Hsing Yun,2008 In this collection of articles Venerable Master Hsing Yun shares his reflections insights and wisdom intended to inspire enlighten and motivate us to live a better life In reality he writes ignorance and enlightenment lie in just a thought A thought of ignorance may cause sorrow and pain while an inspiration of enlightenment can bring out the sun of wisdom If we change our views and outlook on life we can change our destiny Such words are characteristic of the Master s writing in this book often unexpectedly pointing the way to breakthroughs in our spiritual journey and growth *Heart 2 Heart* Joji Valli,2016-05-01 All of us love to have a Heart 2 Heart chat during the times of troubles and difficulties in our daily life We may even aspire to have a consoling touch a soothing word from someone who is intimate to us Heart 2 Heart presents you a buffet of solutions which will console you and heal you from your inner being Which removes all blockages of the heart and stabilizes the flow of goodness and happiness at each and every moment of your life Heart 2 Heart attempts to connect the reader with thought provoking insights to the Universal Heart God the ultimate source of all solutions And the moment we get connected to the Universal Heart God we experience melody and tranquility in life whereby we attain inner peace happiness and tension free life Heart 2 Heart is an ideal present for a person of any age who searches happiness and contentment amidst the modernization and development Heart is the centre of everything and source of all goodness 101 carefully selected topics illustrate the multi faceted human life in a day to day basis Each of these topics conveys the awareness which is forgotten in the routine of a busy life Heart 2 Heart imparts the wisdom of the ages from various religious traditions and backgrounds and is the second of a series of books on Personal Power Spiritual Awareness and Human Values **Wisdom of the Soul** Ms. Dorothy Jones,2001-10-11 The purpose of this book of poetry entitled Wisdom Of The Soul is to attempt to strengthen and enlighten not to judge nor condemn Its purpose also is to touch the lives and to share in the encouragement of others and hopefully touching their hearts and saving of souls The author speaks out through her poetry for those who want and need to be heard Her desire is to reach the world of the needy whether it be a spiritual need natural need emotional need or any or all of these factors She desire her poetry to be a positive orator conveying the fact that love faith hope and all goodness and truth overcomes hatred fear prejudice and all wrong doings and evil intentions Through the writing of poetry the author submerge deeply within herself going beyond her mind but into her heart and soul emerging with the truths which convicted her to write with experience strong conviction and ardent passion for those who have been and still are victimized by various forms

of conflicts and adversities in their lives She desire the words of her poetry to come forth pure and clean edged going beyond the surface from depth to depth and to be a blessing and beneficial to all The author continually attempt to instill in others through poetry the importance of living within the bounds of righteousness in order to inherit the kingdom of God for unrighteousness shall not inherit the kingdom of God She emphasize the fact that we need to get ourselves ready for the coming of our Lord Jesus Christ We are living in the last time and Jesus Christ is still extending his love and mercy toward mankind wanting all men to be saved and come to the knowledge of the truth We must put aside all ungodliness and seek Gods face putting him first in our lives The author desires her poems to capture the suppressed emotions that ones are too shy embarrassed or intimidated to express openly for fear of retaliation from others We must not be afraid to speak out for truth and justice fearing no man who can only destroy our bodies but fearing only God who can destroy both body and soul The author writes about life and about death She attest to the belief that our mortal lives should be lived to the fullest daily in Gods way and after his will in order to obtain immortality and eternal life Thus death in the end shall have no dominion over Eternal Life and there is hope beyond the grave if we die in Christ Jesus To fear the Lord Jesus to grow in grace and knowledge of him to love to be pure and faithful and to do all things in spirit and in truth is to truly obtain spiritual wisdom

Hadjiyanni,2002-03-30 Through an examination of interviews provided by 100 children of refugees in Cyprus born after their family s displacement Hadjiyanni illustrates the formation of a refugee consciousness an identity adopted by many children who never experienced the actual displacement of their family Focusing on the process by which a child born into a refugee family develops a refugee identity the book identifies nine dimensions that inform this consciousness Establishing the family as the primary transmitter of the refugee identity and the child as its constructor the author points to the power of homeplace in forming and supporting such an identity The book challenges the notion that refugee consciousness is a separate identity and a crisis by reinterpreting it as a resistance to adversity Shedding new light on what it means to be a refugee this work is a welcome addition to the field Beginning with a discussion of the meaning of the term refugee and how it has been adopted by the children of some refugees in Cyprus the author moves to an examination of the meaning of past and present to the formation of a refugee consciousness She then looks to the causes of such identity formation focusing on the transference of identity from parent to child and the effects of past loss on children who have not actually experienced displacement Housing issues are also examined as a contributing factor as refugee housing is typically distinct and constrained compared to housing for native citizens of a community The author concludes her work with a discussion of the implications of the Cyprus example for both the future and for general refugee studies **The American Kennel Gazette**
