Carl Ruggles:

Carl Ruggles Marilyn J. Ziffirin,1994 In this biography of the late American composer artist Marilyn Ziffirin draws on interviews with those who knew him on letters and other papers from Ruggles s collection and on her extensive interviews and developing friendship with him in his final years She creates a picture of a man who was proud stubborn insecure irascible prejudiced and deeply human and lovable

Carl Ruggles Jonathan D. Green,1995-11-20 Carl Ruggles 1876 1971 was the epitome of the New England iconoclast A composer of the American avant garde movement he wrote in a very concise and dissonant style a small body of truly unique musical works He lived to be 95 composing to the very end of his life but left behind a mere eight sanctioned works which he had rewritten and refined over decades In the 1920s he was at the focal point of ultra modern music making Since there is currently a renewed interest in his work this bio bibliography is timely and needed and of interest to scholars students and performers During the 1920s had Edgard Varese or Charles Ives been asked to name America s greatest living composer the response would have been Carl Ruggles Forty years later such eminent experts on American music as Nicolas Slonimsky Virgil Thomson and Aaron Copland would each describe Ruggles as our most technically refined composer Ruggles with Varese and Ives was the standard bearer of the atonal movement in this century s third decade With the rise of American realism he slipped out of the public eye Recent years have seen a resurgence of performances of his works and research on his music consequently there is a need for this timely bio bibliography

Carl Ruggles Papers Adrienne Scholtz,Carl Ruggles,1981 *A Vast Simplicity* Stephen P. Slottow,2009 The American composer Carl Ruggles 1876 1971 wrote a small number of powerful finely crafted intensely dissonant and utterly individual works Although sometimes viewed as a stubbornly reclusive New Englander painstakingly creating his uncompromisingly dissonant music in the wilds of Vermont Ruggles was in fact an integral member of a close knit group of composers known as the ultramoderns which included among others Charles Seeger Ruth Crawford Seeger Henry Cowell Edgard Var se Dane Rudhyar and Charles Ives mainly in the role of financier The ultramoderns were interested in creating a distinctive dissonant American music free of the cultural hegemony of European musical authority and convention As part of this group Ruggles formed especially strong ties with Charles Ives__ each considered the other the world s second best composer and with Charles Seeger whose theory of dissonant counterpoint exerted a strong influence on Ruggles evolving compositional style This study examines the distinctive musical characteristics and compositional procedures that characterize Ruggles work and places them in the context of Ruggles spiritual aesthetic of the transcendent and the sublime
