Capital Connoisseur:

The Gentleman's and Connoisseur's Dictionary of Painters (etc.) A New Edition, to which is Added a Supplement Containing Anecdotes of the Most Celebrated Artists ... Also Remarks on the Present State of the Art of Painting, by James Barry Matthew Pilkington,1798 **The Gentleman's and Connoisseur's Dictionary of Painters ...** Matthew Pilkington,1798 *The Connoisseur* ,1909 Self-Ownership, Freedom, and Equality G. A. Cohen,1995-10-26

In this book G A Cohen examines the libertarian principle of self ownership which says that each person belongs to himself and therefore owes no service or product to anyone else This principle is used to defend capitalist inequality which is said to reflect each person s freedom to do as he wishes with himself The author argues that self ownership cannot deliver the freedom it promises to secure thereby undermining the idea that lovers of freedom should embrace capitalism and the inequality that comes with it He goes on to show that the standard Marxist condemnation of exploitation implies an endorsement of self ownership since in the Marxist conception the employer steals from the worker what should belong to her because she produced it Thereby a deeply inegalitarian notion has penetrated what is in aspiration an egalitarian theory Purging that notion from socialist thought he argues enables construction of a more consistent egalitarianism
