## **Capitalism And Antislavery:**

Capitalism and Antislavery Seymour Drescher, 1987-01-23 Three hundred years ago Britain was what she is again a mid sized island off the coast of Eurasia Between then and now she became the centre of a world economy And just midway upon this imperial passage the people of the Empire free Britons and colonial slaves secured the destruction of slavery and hastened its demise throughout the world Those who were part of Britain s Atlantic economy but free of direct economic dependency were the most effective agents in that process The great novelty of this process therefore lay in the fact that for the first time in history the nonslave masses including working men and women played a direct and decisive role in bringing chattel slavery to an end Seymour Drescher s study focuses attention on the period when popular pressure was effectively deployed as a means of altering national policy and at those fault lines in British society which seem to have partly determined the timing and intensity of abolition

**Capitalism and Antislavery** Seymour Drescher, 1986 *The Antislavery Debate* John Ashworth, David Brion Davis, Thomas L. Haskell, 1992-06-02 The marrow of the most important historiographical controversy since the 1970s Michael Johnson University of California Irvine A debate of intellectual significance and power The implications of these essays extend far beyond antislavery important as that subject undoubtedly is This will be of major importance to students of historical method as well as the history of ideas and reform movements Carl N Degler Stanford University *Fifty Years Later*, 1995-01-01 The Dutch slave trade slavery and abolitionism have long remained unduly neglected issues in the burgeoning international debate on capitalism modernity and antislavery *Fifty Years Later* now offers a thorough and wide ranging discussion of antislavery in the Netherlands and in the Dutch colonial world and also provides a fresh contribution to the ongoing debate on the relationship between abolitionism and economic political and cultural modernization in the Western world at large The contributors to this volume are Seymour Drescher Pieter C Emmer Stanley L Engerman Edwin Horlings Gerrit J Knaap Maarten Kuitenbrouwer Gert Oostindie Robert Ross Angelie Sens and Alex van Stipriaan *Fifty Years Later* Gert Oostindie, 1995 The Dutch were late in abolishing the slave trade 1814 and slavery 1863 This volume raises and attempts to answer a number of questions regarding this tardiness why did Holland identified as a pioneer of modern capitalism fail to generate a major anti slavery movement And why did it take the Dutch so long to follow the lead of apparently more modern nations in abolishing the slave trade and slavery

Empire And Antislavery Christopher Schmidt-Nowara, 1999-05-15 In 1872 there were more than 300 000 slaves in Cuba and Puerto Rico Though the Spanish government had passed a law for gradual abolition in 1870 slaveowners particularly in Cuba clung tenaciously to their slaves as unfree labor was at the core of the colonial economies Nonetheless people throughout the Spanish empire fought to abolish slavery including the Antillean and Spanish liberals and republicans who founded the Spanish Abolitionist Society in 1865 This book is an extensive study of the origins of the Abolitionist Society and its role in the destruction of Cuban and Puerto Rican slavery and the reshaping of colonial politics

Goddu,2020-04-10 Beginning with its establishment in the early 1830s the American Anti Slavery Society AASS recognized the need to reach and consolidate a diverse and increasingly segmented audience To do so it produced a wide array of print material and visual media almanacs and slave narratives pincushions and gift books broadsides and panoramas Building on the distinctive practices of British antislavery and evangelical reform movements the AASS utilized innovative business strategies to market its productions and developed a centralized distribution system to circulate them widely In *Selling Antislavery* Teresa A Goddu shows how the AASS operated at the forefront of a new culture industry and by framing its media as cultural commodities made antislavery sentiments an integral part of an emerging middle class identity She contends that although the AASS s dominance waned after 1840 as the organization splintered it nevertheless created one of the first national mass markets Goddu maps this extensive media culture focusing in particular on the material produced by AASS in the decade of the 1830s She considers how the dissemination of its texts objects and tactics was facilitated by the quasi corporate and centralized character of the organization during this period and demonstrates how its institutional presence remained important to the progress of the larger movement Exploring antislavery s vast archive and explicating its messages she emphasizes both the discursive and material aspects of antislavery s appeal providing a richly textured history of the movement through its artifacts and the modes of circulation it put into place Featuring more than seventy five illustrations *Selling Antislavery* offers a thorough case study of the role of reform movements in the rise of mass media and argues for abolition s central importance to the shaping of antebellum middle class culture     [Thomas Ruffin and the Perils of Public Homage](#) ,2009     *West Indian Slavery and British Abolition, 1783-1807* David Beck Ryden,2010-03-29 Ryden challenges conventional wisdom regarding the political and economic motivations behind the final decision to abolish the British slave trade in 1807 His research illustrates that a faltering sugar economy after 1799 tipped the scales in favour of the abolitionist argument and helped secure the passage of abolition     *Caribbean Slavery in the Atlantic World* Hilary Beckles,Verene Shepherd,2000 For abstracts see Caribbean
