Captain Swing:

"*Captain Swing*": a tale of the 1830 riots. Charles Harold AVERY,1914 **Promises** T.G. McEwan,2017-12-29 The songbook to accompany TG McEwan s seventh album of original music It contains full chords and lyrics to the released songs details of previous releases and videos available online and a list of over a thousand live performances **Heads Together 1972-2014** T.G. McEwan,2014-12-15 Songwriting as sensemaking is the approach taken by TG McEwan This book contains the lyrics of all of the songs he sang during a fulltime career in the 1980s and more recent work along with the chords to most of them *Captain Swing* Eric J. Hobsbawm,George F. E. Rudé,1969 Night Watch Terry Pratchett,2014-02-14 A new stage adaptation of one of Pratchett s best selling novels Set in Ankh Morpork one of the most thoroughly imagined cities in fantasy Night Watch is the story of Sam Vimes running hero of the Guards sequence who finds himself cast back in time to the Ankh Morpork of his youth With a psychopath from his own time rising in the vile ranks of the Cable Street Unmentionables complicating things Vimes has to ensure that history takes its course so that he will have the right future to go back to and to keep his younger self alive One of the funniest English authors alive Independent Captain Swing Peter Whelan,1979 *Writing the History of Crime* Paul Knepper,2015-12-17 Writing the History of Crime investigates the development of historical writing on the subject of crime and its wider place in social and cultural history It examines long standing and emerging traditions in history writing with separate chapters on legal and scientific approaches as well as on urban Marxist gender and empire history Each chapter then explores these historical approaches in relation to crime paying particular attention to the relationship between theory and the interpretation of evidence Rather than a timeline for the historical appearance of ideas about crime or a catalogue of the range of topics that comprise the subject matter Writing the History of Crime reveals the ideas behind crime as a subject of historical investigation it looks at how these ideas generate questions that may be asked about the past and the way in which these questions are answered This is a crucial analysis for anyone interested in the history of crime the historiography of social history or the art of history writing more broadly

Financing the Landed Estate Carol Beardmore,2019-05-10 While there is an extensive historiography which explores English agriculture in the nineteenth century there has been less attention paid to individual estates and in particular the role of the land agent within their management administration and participation in rural community relationships Nowhere is this more obvious in the lack of research into the financial history of the landed estate even though in the early nineteenth century these were some of the largest businesses in England The Castleman letters are a rich source which detail the intricate working financial social and political relationships which constituted the foundation of the landed estate The vouchers of which more than 10 000 have survived alongside the rental accounts have rarely been examined On their own they illustrate for example the sums paid out on maintenance the interest payments on mortgages charitable expenditure spending on property repairs and one off payments for a wide and diverse range of items Together with the diurnal

correspondence all three aspects of the archive detail the daily financial undertakings and form the foundation of a new financial history of the estate This book will show that estate management was underpinned by an inherent understanding of the financial decisions which needed to be taken and will be of interest to academics and researchers of financial history

Impure Cinema Lúcia Nagib, Anne Jerslev, 2013-10-24 Impure Cinema goes back to Bazin's original title precisely for its defence of impurity applying it on the one hand to cinema's interbreeding with other arts and on the other to its ability to convey and promote cultural diversity In contemporary progressive film criticism ideas of purity essence and origin have been superseded by favourable approaches to hybridization transnationalism multiculturalism and cross fertilizations of all sorts Impure Cinema builds on this idea in novel and exciting ways as it draws on cinema's combination of intermedial and intercultural aspects as a means to bridge the divide between studies of aesthetics and culture Film is revealed here as the location par excellence of media encounters mutual questioning and self dissolution into post medium experiments Most importantly the book argues film's intermedial relations can only be properly understood if their cultural determinants are taken into account Scholars and students of film cinefiles and students of the arts will discover here unexpected connections across many artistic practices

Protest, Politics and Work in Rural England, 1700-1850 Carl Griffin, 2013-11-28 Rural workers in eighteenth and early nineteenth century England were not passive victims in the face of rapid social change Carl J Griffin shows that they deployed an extensive range of resistances to defend their livelihoods and communities Locating protest in the wider contexts of work poverty and landscape change this new text offers the first critical overview of this growing area of study

Captain Swing Eric Hobsbawm, George Rudé, 2014-08-12 Sir Your name is down amongst the Black hearts in the Black Book and this is to advise you and the like of you who are Parson Justasses to make your wills Ye have been the Blackguard Enemies of the People on all occasions Ye have not yet done as ye ought Swing In our increasingly mechanized age the Swing revolts are a timely record of the relationship between technological advance labour and poverty With the onset of the Industrial Revolution capitalism swept from the cities into the countryside and tensions mounted between agricultural workers and employers From 1830 on a series of revolts known as the Swing shook England to its core Landowners wanting to make their land more profitable started to use machinery to harvest crops causing widespread misery among rural communities Captain Swing reveals the background to that upheaval from its rise to its fall and shines a light on the people who tried to change the world and save their livelihoods
