**Modern Age** Ellen G. Friedman, 1983 Spain in the sixteenth century was the dominant European power Yet along the coasts Spanish farmers and fishermen lived in constant fear the victims of regular kidnapping raids by North African corsairs In this detailed study Ellen G Friedman examines this undeclared state of siege that would continue for two hundred years and perpetuate the centuries old struggle of Christianity and Islam Drawing on original archival sources anecdotal materials and computer analysis she vividly documents the North African dependence on Spanish hostages the experiences of Christian captives and the officially sanctioned efforts to free them The result is a fresh perspective on Spain in its Golden Age and a seminal study of European slaves in Africa      **Catalog of Reprints in Series**, 1953      **National Union Catalog**, 1970

actual thing Is imagination simply an escape from reality In both cases Alfredo Ferrarin thinks not and breaking classical assumptions that images are exclusively reproductions and imagination is a secondary faculty this book provides a rich account of what images really are and what imagination can do Ferrarin begins by examining and disputing several commonplaces on images and imagination both in everyday language and in many traditional philosophical approaches With a lightness of touch throughout he brings a broad range of thinkers into dialogue from Aristotle Kant and Freud to Husserl Wittgenstein Sartre He then proceeds to examine the twofold nature of every image the image itself and what it is an image of before distinguishing between natural artificial mental and memory images The final chapters probe the cognitive functions of imagination the notions of fiction play and literary creation and imagination in relation to praxis and the social world Comparing and relating how we conceptualize imagination to how we think about the concept of reality Ferrarin contends that whilst it can be imagination is not always a flight from reality it is also a way of figuring out what is real

David Brion Davis, 2014-02-04 Winner of the 2014 National Book Critics Circle Award for General Nonfiction Shortlisted for the 2014 Cundill Prize in Historical Literature From the revered historian the long awaited conclusion of the magisterial history of slavery and emancipation in Western culture that has been nearly fifty years in the making David Brion Davis is one of the foremost historians of the twentieth century winner of the Pulitzer Prize the National Book Award the Bancroft Prize and nearly every award given by the historical profession Now with *The Problem of Slavery in the Age of Emancipation* Davis brings his staggeringly ambitious prizewinning trilogy on slavery in Western culture to a close Once again Davis offers original and penetrating insights into what slavery and emancipation meant to Americans He explores how the Haitian

Revolution respectively terrified and inspired white and black Americans hovering over the antislavery debates like a bloodstained ghost and he offers a surprising analysis of the complex and misunderstood significance of colonization the project to move freed slaves back to Africa to members of both races and all political persuasions He vividly portrays the dehumanizing impact of slavery as well as the generally unrecognized importance of freed slaves to abolition Most of all Davis presents the age of emancipation as a model for reform and as probably the greatest landmark of willed moral progress in human history This is a monumental and harrowing undertaking following the century of struggle rebellion and warfare that led to the eradication of slavery in the new world An in depth investigation a rigorous colloquy of ideas ranging from Frederick Douglass to Barack Obama from British industrial wage slavery to the Chicago World s Fair *The Problem of Slavery in the Age of Emancipation* is a brilliant conclusion to one of the great works of American history Above all Davis captures how America wrestled with demons of its own making and moved forward
