Candlemakers Primer:

The Candlemaker's Primer K. Lomneth Chisholm, 1973 **Trends**, 1974 **Candlemaking** Bob Sherman, 2002-02-04
Candlemaking is an ancient and highly enjoyable art. It is also a 2.3 billion industry. In this comprehensive book, readers will learn how to create many different kinds of candles, including flame candles, balloon candles, and pudding candles. There are dozens of different styles to choose from, and the skill levels range from beginner to expert. 50 illustrations, 30 recipes. **The Everything Candlemaking Book** Marie-Jeanne Abadie, 2002-05-01
Now with *The Everything Candlemaking Book*, you can enjoy the charm of candles every day rather than reserve them only for holidays or fancy dinner parties. Home candlemaking is not only much more economical than buying premade candles, it's also a lot more fun. *The Everything Candlemaking Book* is a complete guide to making all kinds of candles at home, beginning with what you need to get started. Easy-to-follow steps lead you through the process of candlemaking, from making simple tapers and columns to layered, moulded, twisted, and more. Beautiful full-color photographs provide inspiration for creativity, whether you're designing your own unique shapes and color combinations or attempting advanced techniques. This guide includes all you need to know to get started: tools and supplies, needed instructions on how to make candles for holidays and special occasions, artistic techniques such as chip, twisted, and applique candles, guidance on using unique containers, tips on how to incorporate candles into rituals, hints on adding scents and personal touches to your candles, and so much more. With *The Everything Candlemaking Book*, you'll be making homemade candles for yourself and your friends in no time. **The Candlemaker's Companion** Betty Oppenheimer, 2012-12-10
Enjoy some homemade glow. From wax to wick to wrapping, *The Candlemaker's Companion* is a definitive guide to modern candle making. Learn how to create rolled, poured, molded, and dipped candles; play with your favorite scents and colors; and use specialty techniques to design glowing luminaria, candle holders, and other gorgeous accessories. With illustrated directions, complete source lists, and plenty of practical advice, Betty Oppenheimer invites even the beginner candlemaker to get in on the action. Fill your house with the warm light and enticing fragrances that only candles can bring. [Index to Handicraft Books, 1974-1984](#) Carnegie Library of Pittsburgh. Science and Technology Department, 1986
Handicrafts and do-it-yourself projects have always been a library's most popular and heavily requested subject. And for more than a decade, a definitive index to handicraft books has not been published. To fill this gap, the Science and Technology Department at Carnegie Library of Pittsburgh has compiled the *Index to Handicraft Books*, listing more than 900 books and over 12,400 subject entries covering books published from 1974 to 1984. The *Index to Handicraft Books* is an essential reference tool for librarians who want to help someone find instructions for a varied range of do-it-yourself projects, providing quick access to craft projects in books more recent than previous handicraft index books have listed. Each entry in the index consists of a subject heading, the name of the project as listed in the book, the author, and the title of the book, and the page numbers on which the project can be found. The author and title correspond to those in the List of Works Cited.

section which gives full bibliographic information in order to help librarians find the book on their shelves or obtain the book through inter library loan Because this index developed from a card file index of craft books acquired by Carnegie Library since 1974 the list concentrates mainly on medium priced books that most libraries buy
