Shafer,1883      *Writing British Infanticide* Jennifer Thorn,2003 Writing British Infanticide tracks the ways that the circulation of narratives of child murder in eighteenth and nineteenth century Britain shaped perceptions and punishments of the crime and more elusively hierarchies of class and gender The essays brought together in this volume pose the question How are we to understand the proliferation of writing about child murder in eighteenth and nineteenth century Britain the overlap of an expanding print culture with the widely evident narration of this particular crime Further what are we to make of the recurrent and remarkably consistent representation of child murder as the special province of unmarried desparate women Focussing on specific instances of the transformative effect of the circulation of narratives of child murder Writing British Infanticide takes as its purview not child murder per se but the ways that writing about its credentialed and

**All the Year Round**, 1877 Rariora: Sibi et amicis John Eliot Hodgkin, 1902 **Protean Prejudice** Bernard Glassman, 1998 This book argues that prejudice during England's Age of Reason was not diminished only diffused In spite of scientific advances the religious teachings of the past were still real factors in the attitudes of the time Using original source materials previously overlooked or ignored by many historians of the period the author finds hostility towards both Jews and Judaism still prominently present among those in the forefront of the Enlightenment The absence of serious overt anti-Semitism during England's Age of Reason had little to do with the growing secularism and the enlightened spirit of the times In order to understand the persistent but relatively contained anti-Semitism during England's age of reason it must be put into the context of the protean prejudices found in the society at large The growing presence of various religious ethnic racial and national others served to deflect the focus of prejudicial hatred against Jews thus preventing the translation of deeply ingrained hatred of Jews into violent acts of anti-Semitism
