South Dakota Bird Notes , 1992 [Birds of South Dakota \(Classic Reprint\)](#) William H. Over, 2015-06-29 Excerpt from *Birds of South Dakota* Effort has been made in this bulletin to obtain as complete a list of South Dakota birds as possible In all 322 species and subspecies have been recorded With few exceptions these are represented in the University Museum collections at Vermillion There is perhaps no State in the Union where bird study is more perplexing than in South Dakota From east to west the State embraces birds of woods prairie and mountains The range of many birds is constantly moving westward and this causes variation in the migrating routes of many species The Black Hills lying only a little apart from the Rocky Mountains are apt to be visited occasionally by western species From south to north likewise both trees and latitude affect the bird problem The Missouri River with its wooded banks and ravines traversing the middle of the State provides

conditions which attract some species farther north than they would otherwise come But for this fact we probably would not have the beautiful Western Blue Grosbeak within our borders Birds from farther east and south also such as Cardinals and Wood Thrushes follow the growing trees into South Dakota Many birds are found in the southern part of the State which are never seen in the northern part and some birds which formerly nested in South Dakota no longer do so So numerous therefore are the changes going on in bird life within the State that observations which were made a few years ago may not be accurate today and observations made today may not be accurate tomorrow About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [Birds of South Dakota](#) ,1921 *Backyard Birds of South Dakota* Eileen Dowd Stukel,Silka L.
