David M. Dunfield

Birnbaums Italy 1989:

Birnbaum's Italy 1989 Stephen Birnbaum, 1988 Fabulous shopping and historical sightseeing make Italy one of the hottest tourist spots in Europe and Birnbaum has all the information needed to enjoy a trip to the fullest Includes tips on local customs *The Publishers Weekly*, 1990 **Exploring Osaka** David M. Dunfield, 1993 A comprehensive English language guide to the city of Osaka for business travellers and tourists alike Second only to Tokyo as a banking and trade centre of Japan Osaka is a centre of tradition and culture as well the home of bunraku puppet theatre for example and is minutes by rail from Japan's ancient capitals of Kyoto and Nara A variety of suggested sightseeing itineraries are included as well as recommended museums restaurants and hotels a list of festival dates and sources of additional information Library Journal, 1990-07 *The Future has an Ancient Heart* Lucia Chiavola Birnbaum, 2012-08 Feminist cultural historian Lucia Chiavola Birnbaum caps her previous work with *The Future has an Ancient Heart* a scholarly study of the transformative legacy of African origins and values of caring sharing healing and vision carried by African migrants throughout the world Birnbaum focuses on the long endurance of these values from the first human communities in south and central Africa ones that Africans manifested in the region of the African mediterranean landmass that later separated Africa from Europe and Asia when the ice melted and waters rose These migrants reached every continent and later became spiritual as well as geographical migrations back to Africa from ancient times to the transformative present Using the same methods as her teaching Birnbaum employs a mutual learning process in her work to help us think about our own ancestral story adding to the wisdom we need to surmount contemporary crises and give us the energy to help bring a more equal and just world into being Her methodologies are grounded on empirical techniques of science and the social sciences and yet leave openings for the liminal knowledge that resides underneath and beyond boundaries of established religions secular ideologies and conventional science A true work of transformation *The Future has an Ancient Heart* opens the door to new possibilities within our world *Books in Print Supplement*, 1994 *Natalia Ginzburg* Angela M. Jeannet, Giuliana S. Katz, 2000-12-15 A prominent and prolific Italian writer Natalia Ginzburg 1916 1991 is known for her novels plays short stories and essays This collection brings together for an English speaking audience a variety of critical perspectives on Ginzburg's work The essays all by North American scholars examine the author's entire production The topics examined include Ginzburg's struggle to define herself as a woman a writer and an intellectual her interpretation of the relationship between historical events and private lives her reflections on the women's movement and the changing nature of the family and her mastery of a distinctly personal writing style What emerges here is a nuanced and complex portrait of Ginzburg and her work The reader is given a sense of the importance of her contribution not only as a writer but as a witness to the events of the twentieth century The volume also includes a chronology a bibliography and translations of some of Ginzburg's lesser known writings including three articles a poem and a one act play **Black Madonnas** Lucia Chiavola Birnbaum, 2000 In the 1993 edition I

considered black madonnas a metaphor for a memory of the time when the earth was believed to be the body of woman and all creatures were equal a memory transmitted in vernacular traditions of earth bounded cultures historically expressed in cultural and political resistance and glimpsed today in movements aiming for transformation Since then my understanding of black madonnas has been deepened by genetics finding that the origin of modern humans is Africa that migrations from Africa carried a primordial belief in a divine woman divinity to all continents Black madonnas and other dark women of the world suggest a metaphor for healing millennial divisions of gender and race and concerted movements for justice
