### **Birthright Canadians 3:**

**Canadian Club** Lois Harder, 2022-10-03 Birth based citizenship is widely considered to be the most secure claim to political belonging. Despite the general belief that liberal democracies are formed through consent, in fact most people are members of a political community by virtue of the circumstances of their birth. In *Canadian Club*, Lois Harder tracks the development of Canada's Citizenship Act from its first iteration in 1947 to the provisions governing the citizenship of children born abroad to Canadian parents with the assistance of reproductive technologies. Reviewing a range of cases, Harder reveals how membership in the Canadian political community relies on norms surrounding gender, family, and sexuality, as well as presumptions regarding the constitution of authentic national identity, racial hierarchy, and the rightness of settler colonialism. *Canadian Club* concludes with a consideration of alternative approaches to forming political communities. Ultimately, it asks whether birth based citizenship is the best we can do, and what a more democratic and socially just alternative might look like.

**Like Everyone Else but Different** Morton Weinfeld, 2018-03-21 Liberal democratic societies with diverse populations generally offer minorities two usually contradictory objectives: the first is equal integration and participation; the second is an opportunity within limits to retain their culture. Yet Canadian Jews are successfully integrated into all domains of Canadian life while at the same time they also seem able to retain their distinct identities by blending traditional religious values and rituals with contemporary cultural options. *Like Everyone Else but Different* illustrates how Canadian Jews have created a space within Canada's multicultural environment that paradoxically overcomes the potential dangers of assimilation and diversity. At the same time, this comprehensive and data-driven study documents and interprets new trends and challenges, including rising rates of intermarriage, newer progressive religious options, finding equal space for women and LGBTQ Jews, tensions between non-Orthodox and Orthodox Jews, and new forms of real and perceived anti-Semitism often related to Israel or Zionism on campus and elsewhere. The striking feature of the Canadian Jewish community is its diversity. While this diversity can lead to cases of internal conflict, it also offers opportunities for adaptation and survival. Seventeen years after its first publication, this new edition of *Like Everyone Else but Different* provides definitive updates that blend research, studies, survey, and census data, newspaper accounts, and articles, and the author's personal observations and experiences to provide an informative, provocative, and fascinating account of Jewish life and multiculturalism in contemporary Canada.

**Born Innocent** Michael J. Sullivan, 2023 Over seven percent of all children in the United States have experienced a parental incarceration. Children and other dependents suffer the collateral consequences of preventive justice measures increasingly used by liberal democratic countries to combat a broad range of suspected crime and anti-state activities. But what does the state owe to the innocent dependents of accused caregivers? In *Born Innocent*, Michael J. Sullivan explores the impact of vicarious punishment on children, with a particular focus on children subject to family separation based on their identity, allegiances, and immigration status. The book provides one of the first unified treatments of state

sponsored family separation and its impact on disadvantaged citizens and immigrants *Canadian Essay and Literature Index* Andrew D. Armitage, Nancy Tudor, 1976-02 *Lawless* Martha Paynter, 2025-09-28T00:00:00Z Canada is the only country with complete decriminalization of abortion no gestational duration limitations no parental consent obligations and no waiting periods In recent years other countries New Zealand Colombia Uruguay Mexico have made strides toward this while the United States has notoriously lost ground Amidst the tumult nurse and scholar Martha Paynter uses historical context and contemporary issues to explain why experts advocate against laws governing abortion Despite decriminalization Canadian federal and provincial legislation and regulations about health funding delivery and human rights all shape how abortion care is delivered Barriers persist in uneven access unclear information and belief based denial of care In accessible plain language from the expansive perspective of a clinician researcher and activist Paynter describes abortion policy practice and experience and discusses how to resolve challenges that continue more than three decades after Canada became the world's most legally progressive jurisdiction for abortion [Annual Report on Labour Organization in Canada](#), 1930 **Judicial Activism and the Democratic Rule of Law** Sonja C. Grover, 2020-02-17 In this book the author argues that judicial activism in respect of the protection of human rights and dignity and the right to due process is an essential element of the democratic rule of law in a constitutional democracy as opposed to being judicial overreach Selected recent case law is explored from the US and Canadian Supreme Courts as well as the European Court of Human Rights illustrating that these Courts have at times engaged in judicial activism in the service of providing equal protection of the law and due process to the powerless but have on other occasions employed legalistic but insupportable strategies to sidestep that obligation The book will be of interest to those with a deep concern regarding the factors that influence judicial decision making and the judiciary's role through judgments in promoting and preserving the underpinnings of democracy This includes legal researchers the judiciary practicing counsel and legal academics and law students as well as those in the area of democracy studies in addition to scholars in the fields of sociology and philosophy of law [Metropolitan Pulpit and Homiletic Monthly](#), 1889 [Subject Index of Modern Books Acquired](#) British Library, 1922 **Canada in the Commonwealth** Sir Robert Laird Borden, 1929 [Subject Index of the Modern Books Acquired by the British Museum in the Years ...](#) British Museum, 1922 **An Official Handbook of Information Relating to the Dominion of Canada** Canada.
