Bizarre Britain:

Bizarre Britain Roy Kerridge,1998 **Britain's Strangest True Crime Cases** Dylan Frost,2022-02-03 The history of true crime in Britain is a long and as we shall see often stranger than fiction tale The book that follows offers an eclectic stew of strange and perplexing British true crime cases These cases are all disconcertingly odd and in many instances downright bizarre We have the murder of an elderly famer brutally killed with a pitchfork in what may or may not have been a case involving witchcraft Then there is a shocking train murder which took place in a closed carriage in broad daylight during an afternoon commuter run to London We also have the baffling case of a retired spinster who was gruesomely killed for no apparent reason in her own home on Halloween night We shall also be examining the modern legend of the alleged maniac said to randomly push his victims into Manchester s murky canals Then we ll take a look at the monstrous Victorian terror known as Spring Heeled Jack We shall stop too to consider the unsolved murder of a young man in Sussex who was found dissected inside two abandoned suitcases We shall also explore the high profile killing of Jill Dando a case which surely ranks as one of the most shocking and baffling celebrity deaths ever to occur in Britain As if that wasn t enough we also have grave robbers cannibals the Brighton trunk murders a woman who staged a crackpot hoax abduction of her own daughter a gruesome murderer who operated at the same time as Jack the Ripper and had the macabre signature of leaving torsos and body parts scattered around London and a suave post war con artist who in reality was a depraved sexual serial killer So draw the curtains turn off the lights make sure the doors are locked and settle down to explore some of the strangest true crime cases Blighty has to offer

Bizarre England David Long,2015-06-04 From weird buildings to eccentric museums and from mystical superstitions to remnants of magical rites this is a guide to England like no other

The British Constitution Anthony King,2007 In the nineteenth century Walter Bagehot wrote a classic account of the British constitution as it had developed during Queen Victoria s reign arguing that it was not at all what people thought it was Anthony King argues that the same is true at the beginning of this century The author maintains that while the new British constitution is a mess there is no going back now Grappling with the thorniest issues facing the British polity head on he offers a trenchant analysis of the increasingly divergent relationship between England Scotland and Wales in the light of devolution and a devastating critique of the reformed House of Lords The book is a Bagehot for the 21st Century and essential reading for anyone with an interest in the nature and future of British political life

Britain's Plot to Kill Hitler Eric Lee,2022-04-21 Operation Foxley was the name of the secret plan supported by Winston Churchill to assassinate Hitler in 1944 45 More than 75 years after its conception the assassination plan remains shrouded in mystery Eric Lee s new book is the product of painstaking research and sheds more light on this plan Lee also asks what would have happened if Foxley had been executed successfully Concocted in 1944 by the British Special Operations Executive SOE Foxley s objective was to kill Hitler and any high ranking Nazis or members of the Fuhrer s entourage who might have been present at the time

Different methods of assassination had been considered by the SOE but were ultimately deemed too complicated. These methods included derailment and destruction of the Hitler's personal train the Führerzug by explosives and also clandestine means such as slipping a tasteless poison into Hitler's drinking and cooking water. Some of the ideas were considered quite bizarre including one scheme to hypnotise Rudolf Hess and return him to Germany to kill Nazi leaders. The Americans and Soviets had their own plans to kill Hitler too with some equally strange ideas including injecting female hormones into the Führer's vegetables. Eventually after intel gathered revealed that Hitler took a routine solitary walk every morning to the Teehaus on the Mooslahnerkopf Hill from the Berghof residence a plan was created to assassinate Hitler using a sniper rifle fitted with a silencer.

A perfect investigation for readers who enjoy reading about modern history and the Second World War in particular. It is also tailored to those with an interest in the secret war covering topics like the SOE and military intelligence.

Paranormal Encounters on Britain's Roads Peter A. McCue, 2018-02-19. In this detailed book Dr Peter McCue reflects on the enormous range of paranormal phenomena to have been reported along Britain's roads and examines the theory that certain areas seem to be hotspots for such occurrences such as the A75 and B721 roads in southern Scotland and the Blue Bell Hill area in Kent. He delves into the sightings of apparitional vehicles, encounters with colliding apparitions, phantom hitch hikers, out of place big cats, phantom black dogs, UFOs, missing time, strange memory gaps, vehicle interferences such as mysterious breakdowns and incidents in which drivers and passengers seem to have been translocated in space or time. This thorough book debates the evidence and theories in a critical but open minded way and is a welcome addition to the genre.
