NexLord: Black Chains Philip Blood,2010-05-14 The NexLord series is a traditional fantasy in the sense that it deals with strong good and evil The focus of this epic fantasy story are four young people caught up in a deadly struggle started long ago It explores the good and evil power of all emotions The magic system is based on emotion and deals with the power of group beliefs and self fulfilling prophecy The setting of the story is a unique planet where all normal human emotional tendencies are magnified Humans are not alone there and four other intelligent races inhabit the lands as well Prejudice runs rampant and wars based on racial hatred have plagued the lands for hundreds of years The emotions of hate and fear have coalesced into one place and continuously inhabit the body of a human known as the Dreadmaster This being continuously gathers and wields these evil powers The ever growing power exists independently of the human vessel it inhabits and when the body is destroyed it is only a matter of time until the power inhabits a new vessel To combat the Dreadmaster s power all free humans gathered at one time and created a power fueled by their common belief and emotional need a power that can be given to a NexLord Using a check an balance system to keep this power from being abused a test was created Those who pass this test become Knights of the Realm known as NexLords The NexLords and their Bondsmen are the one counter to the Dreadmaster s power But with the ending of the Final War the last of the NexLords disappeared into the east warning that the Dreadmaster s power was still out there but no one listened or believed For three hundred years now there has not been a new Dreadmaster and no one in the Human Realm has followed the difficult path to become a NexLord However there is a Prophecy spreading across the land a prophecy that tells of the coming of a new NexLord who will bring a golden age But what it predicts is about to go terribly wrong for there is another prophecy a Dark Prophecy and the world is about to change to that path Dark Prophecies is the first novel of a three book Fantasy Epic series A mysterious old woman named Mara comes to teach four children who have been foretold in two dire prophecies The kids have wild adventures while forming strong bonds Mara teaches them to fight and much more for the mysterious old woman knows what the future holds for these children and their coming will shake the world

We Will Win the Day Louis Moore,2017-09-21 This exceedingly timely book looks at the history of black activist athletes and the important role of the black community in making sure fair play existed not only in sports but across U S society Most books that focus on ties between sports black athletes and the Civil Rights Movement focus on specific issues or people They discuss for example how baseball was integrated or tell the stories of individuals like Jackie Robinson or Muhammad Ali This book approaches the topic differently By examining the connection between sports black athletes and the Civil Rights Movement overall it puts the athletes and their stories into the proper

context Rather than romanticizing the stories and the men and women who lived them it uses the roles these individuals played or chose not to play to illuminate the complexities and nuances in the relationship between black athletes and the fight for racial equality Arranged thematically the book starts with Jackie Robinson s entry into baseball when he signed with the Dodgers in 1945 and ends with the revolt of black athletes in the late 1960s symbolized by Tommie Smith and John Carlos famously raising their clenched fists during a medal ceremony at the 1968 Olympics Accounts from the black press and the athletes themselves help illustrate the role black athletes played in the Civil Rights Movement At the same time the book also examines how the black public viewed sports and the contributions of black athletes during these tumultuous decades showing how the black communities belief in merit and democracy combined with black athletic success influenced the push for civil rights

Always a Scoundrel Suzanne Enoch,2009-04-28 Never a gentleman until now Lord Bramwell Johns the second son of a duke is an unrepentant scoundrel Now that his two closest friends are disgustingly ensconced in domestic bliss Bram is feeling strangely restless And not even relieving London s least deserving aristocrats of their ill gotten jewels is enough until the night he overhears an argument It seems that Lady Rosamund Davies is about to be forced into marriage with a rogue even worse than himself Rose is well aware of Bram s scandalous reputation so any reason for his sudden interest in her is suspect more so since he s close friends with the man about to ruin her family She has her own plan though and Bram may be just what she requires as long as she remembers that he is only looking out for himself As long as she remembers that his kisses and caresses don t mean anything As long as she can keep from wondering whether she can trust a scoundrel with her heart

To Ruin the Duke Debra Mullins,2009-05-26 A disreputable duke All of London is abuzz with the shocking exploits of Thornton Matherton Duke of Wyldehaven a man as sinful and wild as his name He plays fast and loose with money drink and women Or does he An impostor has tarnished Thornton s good name and the real duke will not rest until he has proven his virtue A righteous lady Abandoned by her aristocratic father when she was a child Miranda Fontaine despises the nobility Despite her distrust she visits the Duke of Wyldehaven on an urgent mission Determined to keep a deathbed promise Miranda will do whatever it takes to pin down the notorious duke even if it means seducing him herself Passion s ruin Desperate to escape the web of deceit and clear his name Thomas cannot bear the distraction of Miranda s supple skin and alluring eyes Her beauty will be his undoing and her bed will be the site of his most wicked ruin
