Black Christian Nationalism:

Sacred Mission, Worldly Ambition Adele Oltman, 2010-01-25 Using Savannah Georgia as a case study Sacred Mission Worldly Ambition tells the story of the rise and decline of Black Christian Nationalism This nationalism emerged from the experiences of segregation as an intersection between the sacred world of religion and church and the secular world of business The premise of Black Christian Nationalism was a belief in a dual understanding of redemption at the same time earthly and otherworldly and the conviction that black Christians once delivered from psychic spiritual and material want would release all of America from the suffering that prevented it from achieving its noble ideals The study s use of local sources in Savannah especially behind the scenes church records provides a rare glimpse into church life and ritual depicting scenes never before described Blending history ethnography and Geertzian dramaturgy it traces the evolution of black southern society from a communitarian nationalist system of hierarchy patriarchy and interclass fellowship to an individualistic one that accompanied the appearance of a new black civil society Although not a study of the civil rights movement Sacred Mission Worldly Ambition advances a bold revisionist interpretation of black religion at the eve of the movement It shows that the institutional primacy of the churches had to give way to a more diversified secular sphere before an overtly politicized struggle for freedom could take place The unambiguously political movement of the 1950s and 1960s that drew on black Christianity and radiated from many black churches was possible only when the churches came to exert less control over members quotidian lives A Sarah Mills Hodge Fund Publication *Black Christian Nationalism* Albert B. Cleage, 1980

Memoir of a Black Christian Nationalist Ed.D Shelley McIntosh, 2021-11-20 These days are filled with social unrest Lack of compassion from elected officials police brutality unjust laws that create poverty through minimal wages but soaring profits for capitalists benign neglect of blighted neighborhoods and crime within the cities and in governments create a landscape of oppression that directly diminishes the quality of life especially for African Americans What is the role of the Black church and Black Christians in light of these realities Just to save souls is not enough Memoir of a Black Christian Nationalist Seeds of Liberation is a poignant personal story of the author s thirty year experience of being a Black Christian Nationalist The theological framework program and organization re establishing the Black church s relevancy to the liberation struggle are eloquently and informatively interwoven in The DNA Research about the Race of Jesus The Powerful Leadership of Reverend Albert B Cleage Jr Founder of the Shrines of the Black Madonna The Transformation of Black People The Seeds of Liberation Answers for the Black Church Practices That Create Freedom Power and a More Humane World

Black Theology USA and South Africa Dwight N. Hopkins, 2005-12-01 Black theology continually poses a challenge to Christian witness and faith Through a critical analysis of leading religious thinkers Dwight N Hopkins explores the fundamental differences and similarities between black theology in the United States and black theology in

South Africa and asks What is the common denominator between the two Part I examines the historical political cultural and theological background of contemporary black theology in both countries Hopkins delves into the distinctive situation of each country focusing on civil rights black power and related political cultural and theological themes in the United States and on civil disobedience black consciousness the unity of politics and culture and political cultural theological themes in South Africa Through interviews with leading black religious scholars Part II explores these theologies in depth Contrasting the cultural theological trend with the political theological trend in the USA Hopkins explores the ideas of theologians Albert B Cleage James H Cone J Deotis Roberts William R Jones Gayraud S Wilmore Charles H Long Cecil W Cone and Vincent Harding In Part III Hopkins examines the same two trends cultural theological and political theological in South Africa Here the focus is on the impact of black consciousness and Soweto and the works of Manas Buthelezi Allan Boesak Simon S Maimela Frank Chikane Bonganjalo C Goba Itumeleng J Mosala Takatso A Mofokeng and Desmond M Tutu Part IV brings black theology USA and black theology South Africa into dialogue Hopkins locates the common denominator between the two theologies that they both claim the Christian gospel as the gospel of liberation for black people struggling against racism and for a holistic humanity physically and spiritually politically and culturally He concludes by looking toward future areas of development and collaboration arguing that an effective black theology of liberation must integrate politics and culture insuring that the two are equal and complementary two tributaries within the same current

Black Christian Nationalism Albert B. Cleage (Jr.),1972

The Rise and Demise of Black Theology Alistair Kee,2017-11-28 Black Theology emerged in the 1960s as a response to black consciousness In South Africa it is a critique of power in the UK it is a political theology of black culture The dominant form of Black Theology has been in the USA originally influenced by Black Power and the critique of white racism Since then it claims to have broadened its perspective to include oppression on the grounds of race gender and class In this book the author contests this claim especially by Womanist black women Theology Black and Womanist Theologies present inadequate analyses of race and gender and no account at all of class economic oppression With a few notable exceptions Black Theology in the USA repeats the mantras of the 1970s the discourse of modernity Content with American capitalism it fails to address the source of the impoverishment of black Americans at home Content with a romantic imaginaire of Africa this African American movement fails to defend contemporary Africa against predatory American global ambitions

Christianity on Trial Mark L. Chapman,2006-02-02 Since slavery times African American religious thinkers have struggled to answer this question Is Christianity a source of liberation or a source of oppression In a study that reviews representative thinkers over the last fifty years Mark Chapman reviews the variety of ways that African Americans have addressed this problem and how it has informed their work and lives Beginning with Benjamin Mays the leading Negro theologian of the post World War II period Chapman explores the critical implications of this question right up to the present day The pivotal turning point in this period is the emergence of the Black Power movement in the 1960s

Sparked in part by the challenge of the Black Muslims for whom Christianity was simply the white man's religion inherently racist and oppressive the era of Black Power saw the rise of militant Black theologies as well After analyzing the work of the Muslim Elijah Muhammad Chapman turns to the pioneering work of Black theologians Albert Cleage and James H Cone Chapman demonstrates the differences but also uncovers surprising lines of continuity between the older Negro theologians and the later Black theologians particularly in their efforts to uncover the truly liberative potential of Christianity Christianity on Trial concludes by exploring the recent emergence of womanist theology As articulated by Delores S Williams and other African American women womanist theology challenges not only the patriarchal aspects of historical Christianity but the same limitations in previous Black theologies

Albert Cleage Jr. and the Black Madonna and Child Jawanza Eric Clark, 2016-09-14 In this collection black religious scholars and pastors whose expertise range from theology ethics and the psychology of religion to preaching religious aesthetics and religious education discuss the legacy of Albert B Cleage Jr and the idea of the Black Madonna and child Easter Sunday 2017 will mark the fifty year anniversary of Albert B Cleage Jr's unveiling of a mural of the Black Madonna and child in his church in Detroit Michigan This unveiling symbolized a radical theological departure and disruption The mural helped symbolically launch Black Christian Nationalism and influenced the Black Power movement in the United States But fifty years later what has been the lasting impact of this act of theological innovation What is the legacy of Cleage's emphasis on the literal blackness of Jesus How has the idea of a Black Madonna and child informed notions of black womanhood motherhood LGBTQ communities How has Cleage's theology influenced Christian education Africana pastoral theology and the Black Arts Movement The contributors to this work discuss answers to these and many more questions

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him.
