The Black Diamond ,1928 **The Demonstrative Citizen** David Maier,2022-04-04 Be prepared for a rapidly changing world that forces many to undertake the fight of their lives You will see a return to faith and citizenship that must be demonstrated on virtually every level The principal character David Werner becomes a pivotal resistance leader named Bear Forced to relive the events of the war before a Senate hearing we learn of how what were once unthinkable events led up to the conflict how the resistance was born how it evolved and the slow and deliberate rise of its elusive leader known as Two Dragons In this story the main character along with many others in the world watches as the country and world they once knew devolve on virtually every level Like so many they attempt to navigate the rapidly changing political environment holding on to the illusion that everything will eventually work itself out Despite their best efforts the world erupts into a global conflict that reaches America s shores In the course of this war the characters find that the enemy within their nation may be even more dangerous than their external foes Through the uncontrollable events of his new life Bear must reconcile

how the tenets of a great society became so broken He and all those who struggle with him must learn to care for each other as they discover the truth that lies within each of them With the illusions of their former lives stripped away people are forced to make a choice thereby considering how each of them will express their choices through their actions From these individual choices we see the rise of the great American militia and a return to our founder s ideals Once again a people must learn to boldly walk the journey of faith and demonstrative citizenship This is not the tale of lost hope or global collapse Instead it is a story of the return to faith hope and true liberty Nonetheless the path they must travel is fraught with danger and conflict Early on in the story the reader will assume what this story is about only to find themselves pulled in a new direction Here our characters begin to find a new and greater purpose and the reader begins to evolve with our intrepid group of unlikely worriers Throughout their struggle you will walk with them cry with them laugh with them and ultimately you may ask Who am I

The Black Diamond Juan Carden,2012-08-20 The Black Diamond is the sixth book in the saga This time Juan is born in Lesotho South Africa As his immortal spirit continues to live on he is able to vividly recall his eternal past and cannot understand why whites despise men of his race His father Moshoeshoi king of the Basotho instructs him in the art of government and in the subtleties of diplomacy His mother offspring of Chaka Zulu wants to end her peoples suffering and wishes that his son will dedicate his life to save their bodies and spirits The protagonists principle desire is the same as that of all his other lives to find the woman that was created with him at the beginning of time Maluti and Tineke sense each other s existence and recognize that they are a couple of kindred spirits who prowl about the world in search of love but they never meet The novel takes place during a difficult time in Africa Gold and diamonds are discovered The descendants of the Dutch struggled to rise from the tyranny of England as the blacks fight to preserve their homeland The British Empire which is under the auspices of a brotherhood appears to be unbeatable as it is filled wealth of the seven continents usurping the natural resources in the seas by attacking ships of Spain Holland China and India After centuries of ideological conflicts and social religious and political differences the nations distance themselves The weapons become more sophisticated and although the science improves diseases decimate men and animals Gradually the planet is invaded by the human species that threatens to destroy everything in its path including a variety of almost extinct birds fish reptiles and mammals
