One of the most frequently misunderstood aspects of working as a freelancer on Upwork is how the Job Success Score (JSS) works. This is the most critical metric on Upwork and not approaching it correctly can make the difference between a successful career and failing to launch. Josh commits an entire section to understanding the JSS, digging into how the JSS is calculated, why you don't have one, JSS you actually have, three, how contracts are weighted differently as they factor into your JSS, avoiding common JSS pitfalls, how to overcome JSS problems when they occur, establishing an excellent Job Success Score right away, the benefits of a good JSS, how to keep your JSS stable. After you've gotten started on Upwork, the trickiest parts can be finding the right jobs, picking good clients, and maintaining a steady work flow. A substantial portion of Freelancing Foundations is dedicated to optimizing your job feed to discover contracts that are perfectly suited to you, using advanced search filters to eliminate jobs you don't want, knowing the difference between what a freelancer sees and a client's view, how each aspect of your profile affects the way clients search for you. Finally, the book concludes with a section on operating successfully as a freelancer. You'll learn how to identify soft skills you should prioritize, interact with even the most difficult clients, understand the culture of freelancing, maximize your rates, and give yourself regular raises. Set workdays, establish working hours, and create a vacation time policy. Josh began freelancing as a last resort, hoping to earn a bit of side cash. A quarter million dollars later, it's obvious this last-ditch effort paid off. In Freelancing Foundations, he shows you how to do the same.

Dominate Upwork James Oliver, 2019-11. Do you want to make more money on Upwork? The world's biggest freelancing platform is full of opportunity to make 1,000s each month in a huge variety of fields. So why do most Upworkers not make any money? Because they do it all wrong. I know this because I used to be one of them. My profile was full of mistakes. I would bid on 30 jobs and win none of them, and I never received a single job invite in my first 2 years on the site. Fast forward to now: I've bid and won countless jobs and have enough repeat business and private job invites where I rarely have to apply to public jobs anymore. In this guide, I lay out the steps that I took to go from making \$4 a month to making enough money to quit my corporate job and live full-time off my Upwork earnings. Unlike other books which are full of outdated advice and still refer to Upwork as oDesk and eLance, this book is fully updated for 2017. You'll learn how to get 50-100x more profile views than the average Upwork freelancer, how to write job proposals that get you chosen ahead of 50 other candidates, how to spot bad clients and avoid wasting your time bidding on their jobs, the hidden advantage of being Top Rated that Upwork doesn't tell you about, how I turned a 220 job into 9,000 worth of recurring work for the price of a latte. If you want to uncover a smarter and more efficient way to become a highly paid Upwork freelancer, then this is the book for you. Remember, if you win just one \$5 job after purchasing this guide, you've already made a positive return on your investment. Buy now to start making more money on Upwork today.
