

# Why Invest in Index Funds?

*Investing in index funds might not seem all that exciting, but that's the point. It gives you broad exposure to a market/asset that will help ensure your wealth grows over time.*

**Key point:** Investing in index funds gives you the benefits of investment returns of the stock or other market without taking on the individual company risk and having to pay trading commissions related to individual stocks.

*Active Index Investing* Steven A. Schoenfeld, 2011-08-04 For over three decades indexing has become increasingly accepted by both institutional and individual investors Index benchmarks and investment products that track them have been a driving force in the transformation of investment strategy from art to science Yet investors understanding of the sophistication of this burgeoning field has lagged the growing use of index products *Active Index Investing* is the definitive guide to how indexes are constructed how index based portfolios are managed and how the world s most sophisticated investors use index based strategies to enhance performance reduce costs and minimize the risks of investing *Active Index Investing* provides a comprehensive overview of 1 the investment theories that are the foundation of index based investing 2 best practices in benchmark construction 3 the growing world of index based investment vehicles 4 cutting edge index portfolio management techniques and 5 the myriad ways investors can and do capture the benefits of indexing *Active Index Investing* has a unique format that captures the views and perspectives of over 40 of the investment industry s leading experts and practitioners while maintaining a holistic view of this complex subject matter In addition to the Appendix and Glossary within the book it features an Appendix available at [www.IndexUniverse.com](http://www.IndexUniverse.com)

**Alternative Beta Strategies and Hedge Fund Replication** Lars Jaeger, Jeffrey Pease, 2008-10-13 There s a buzzword that has quickly captured the imagination of product providers and investors alike hedge fund replication In the broadest sense replicating hedge fund strategies means replicating their return sources and corresponding risk exposures However there still lacks a coherent picture on what hedge fund replication means in practice what its premises are how to distinguish different approaches and where this can lead us to *Serving as a handbook for replicating the returns of hedge funds at considerably lower cost Alternative Beta Strategies and Hedge Fund Replication* provides a unique focus on replication explaining along the way the return sources of hedge funds and their systematic risks that make replication possible It explains the background to the new discussion on hedge fund replication and how to derive the returns of many hedge fund strategies at much lower cost it differentiates the various underlying approaches and explains how hedge fund replication can improve your own investment process into hedge funds Written by the well known Hedge Fund expert and author Lars Jaeger the book is divided into three sections Hedge Fund Background Return Sources and Replication Techniques Section one provides a short course in what hedge funds actually are and how they operate arming the reader with the background knowledge required for the rest of the book Section two illuminates the sources from which hedge funds derive their returns and shows that the majority of hedge fund returns derive from systematic risk exposure rather than manager Alpha Section three presents various approaches to replicating hedge fund returns by presenting the first and second generation of hedge fund replication products points out the pitfalls and strengths of the various approaches and illustrates the mathematical concepts that underlie them With hedge fund replication going mainstream this book provides clear guidance on the topic to maximise returns Alternative
