documents for almost every episode albeit still incompletely and with important exceptions From the beginning I had felt that the accounts of Bismarck's foreign policy given by himself and his German biographers were unsatisfactory and I had striven accordingly to bring to bear all the other available evidence on the subject Practically all my early conclusions have been confirmed by the more recently published documents I am of course aware that I shall incur the charge of having cut the new cloth to my old pattern and such has perhaps inevitably been the case in some degree About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
