## **Bitov's Britain:**

**Bitov's Britain** Oleg Bitov, 1985      **Chernenko** Ilya Zemtsov, 1989-01-01 Konstantin Ustinovich Chernenko a figure who appeared to the outside world as a commonplace Russian bureaucrat cut from the mold of a Gogol short story was elevated in 1984 to the post of general secretary of the Communist party of the Soviet Union Thus a post held by such awesome fearsome figures as Lenin and Stalin passed into the hands of someone perceived as a nondescript bureaucrat devoid of ideas or initiative and crippled by old age and infirmity A singular merit of this work is that it shows how far from the mark were these perceptions This is the only full length treatment of Chernenko in contrast to the vast tomes written on his five predecessors as well as on the present incumbent Mikhail Gorbachev The work delves into archival materials never before reported in either the East or West The picture that emerges is not of some run of the mill apparatchik but of a figure who in the context of the Brezhnev era came forth with ideas that were revolutionary at least in the sense of a realization of the deep malaise into which Soviet economy and society had fallen Zemtsov's volume explains the paradox of a servile conservative member of the Politburo becoming an innovative even courageous leader during the thirteen fateful months he held Soviet power It is a tribute to this effort at reconstruction that what emerges is a rounded human being and not simply a political actor This analytical study of the transformation of a peasant into a politician fills out a missing link without which the current impulse to reform in the USSR is hard to understand or appreciate      *Andrei Bitov* Ellen Chances, 1993-11-11 This is the first book on Andrei Bitov one of contemporary Russia's most original writers It plots his evolution from his early publications of the post Stalin years to his mature masterpieces of the glasnost era Ellen Chances assesses his place both in the Russian literary tradition from Pushkin onwards and as part of a broader international cultural heritage including Dickens Fellini and Proust She explores his themes from the psychological effects of Stalin on Soviet society to universal questions such as the human being's relationship with nature history and culture and discovers in his deeply philosophical and intensely psychological writings an innovative methodology ecological prose that goes beyond modernist and post modernist fragmentation in search of the wholeness of life      *Intelligence Report*, 1982      **The Current Digest of the Soviet Press**, 1989-05      *Time* Britton Hadden, 1985      *The Manipulators* Ilya Gerol, Geoffrey Molyneux, 1988      **The British National Bibliography** Arthur James Wells, 1993      *The Daily Review*, 1984-09      **Literary Tradition and Practice in Russian Culture**, 2023-12-04 The BRILL series Studies in Slavic Literature and Poetics occupies a unique place in the academic and intellectual book market due to its emphasis on theoretically informed and interdisciplinary approaches to the study of Slavic literatures and cultures The series welcomes book proposals for monographs or edited volumes discussing questions of Slavic culture identity and history as expressed in literature film and other forms of cultural production Authors are cordially invited to submit proposals and or full manuscripts to the publisher at BRILL Masja Horn
