The Chinese and the Iron Road Gordon Chang, Shelley Fisher Fishkin, 2019-04-30 Essays examining the Chinese worker experience during the construction of America's Transcontinental Railroad The completion of the transcontinental railroad in May 1869 is usually told as a story of national triumph and a key moment for American Manifest Destiny The Railroad made it possible to cross the country in a matter of days instead of months paved the way for new settlers to come out west and helped speed America's entry onto the world stage as a modern nation that spanned a full continent It also created vast wealth for its four owners including the fortune with which Leland Stanford would found Stanford University some two decades later But while the Transcontinental has often been celebrated in national memory little attention has been paid to the Chinese workers who made up 90 percent of the workforce on the Western portion of the line The Railroad could not have been built without Chinese labor but the lives of Chinese railroad workers themselves have been little understood and largely invisible This landmark volume explores the experiences of Chinese railroad workers and their place in cultural memory The Chinese and the Iron Road illuminates more fully than ever before the interconnected economies of China and the US how immigration across the Pacific changed both nations the dynamics of the racism the workers encountered the conditions under which they labored and their role in shaping both the history of the railroad and the development of the American West Praise for The Chinese and the Iron Road This timely and essential volume preserves the humanity of the often ignored and forgotten immigrant worker while also uncovering just how important Chinese American railroad workers were in the making of America and its place in the world Erika Lee author of The Making of Asian America Gordon H Chang and Shelley Fisher Fishkin's meticulously researched and beautifully written book fills a critical gap in our nation's history The Chinese and the Iron Road brings to life the stories of workers who defied incredible odds and gave their lives to unite these states into a nation David Henry Hwang Tony Award winning playwright of The Dance and the Railroad and M Butterfly Destined to become the go to resource about Chinese railroad workers in the American West Madeline Hsu author of The Good Immigrants How the Yellow Peril Became the Model Minority Deeply researched and richly detailed The Chinese and the Iron Road brings to life the Chinese immigrants whose work was essential to the railroad's construction Thomas Bender author of A Nation Among Nations America's Place in World History Voices from the Railroad Sue Lee, Connie Young Yu, 2019 Voices from the railroad stories by descendants of Chinese railroad workers reveal the stories of Chinese railroad workers and their descendants These stories have never been told outside of their families until now Learn about Chin Lin Sou Hung Lai Woh Jim King Lim Lip Hong Lee Ling Lee Yik Gim Lee Wong Sang Lum Ah Chew Mock Chuck Moy Jin Mun workers of the Central Pacific Railroad No longer nameless faceless workers lost to history their stories will shatter

Nameless Builders of the Transcontinental Railway William F. Chew,2004 A historical study of the Chinese railroad workers using data from the Central Pacific Railroad Company payroll records dating from 1864 to 1867 correcting the first date of Chinese by the Central Pacific and the total number of workers employed with an explanation of how this estimate was calculated Nearly one thousand workers are named listing their wages and occupations dispelling the notion that all Chinese workers were coolies A synopsis is extrapolated from previously published works along with arguments for and against the data of some historical events such as Bloomer Cut and Cape Horn In addition the building of the Summit Tunnels and the laying of ten miles of track in one day are detailed Particular focus is applied to the little known 1 330 Chinese fatalities which occurred while building the western route of the transcontinental comparing these numbers to the total lives claimed by other major historical construction projects
