Roar of the Tigress Danny Gee Goju,2023-02-08 This book highlights certain basic rules in life which if you do not follow will always end you up on the losing end You will have to use your common sense and imagination to adapt what I teach to suit yourself so that you are never in a position whereby you will be attacked used and abused Most women are attacked because they either leave their guard open or are unaware of the potential dangers and this allows the attacker to succeed A man attacking a woman goes against a fundamental rule laid down by nature which says that because a female is a potential child bearer she is vital to the survival of the human race and therefore needs to be protected respected and cherished This rule is frequently abused because the modern woman is now much more than a child bearer and has become every much as competitive as the modern man It is this conflict between the sexes that is the main cause of women not being treated with the respect they deserve
