## Early Greek Lyric Poetry:

*Early Greek Lyric Poetry* David D. Mulroy, 1999 New approach to translating the Greek lyric poets *A Companion to the Greek Lyric Poets* Douglas E. Gerber, 1997-09-01 This handbook for the reading of early Greek poetry is intended to be both a manual for teachers and a guide for advanced undergraduate and graduate students It covers poetry in the elegiac and iambic genres as well as melic poetry which is provisionally divided into the personal and the public The book takes a critical look at scholarly trends applied in interpreting this poetry exploring for example the problems of defining the nature of the elegiac genre the origins of iambic poetry the personal voice used by the poets and the validity of historical criticism Appearing in the Classical Tradition series it considers the impact of modern literary theory on the reading of these texts for instance the new interpretations suggested by feminism and guides readers to a full bibliography on scholarly debates from the 19th century to the present *Textual Events* Felix Budelmann, Tom Phillips, 2018 In exploring the idea of lyric performances as textual events this volume marks a departure from interpretations of Greek lyric as socio political discourse Building on the renewed concern with the aesthetic it studies poetic effects that cannot be captured in terms of function alone and re examines the relationship between form and context *The Nature of Early Greek Lyric* Robert L. Fowler, 1987-12-15 Three important literary questions in early Greek lyrics are addressed in this study First Fowler attempts to determine the extent that Homer and epic poetry generally influenced the lyric poets with respect to both the style of compositions and their content Identifying the certain examples of influence which are far fewer than often thought he analyses the technique of imitation tracing a development from simpler to more complex as the archaic period proceeds Throughout this and the following chapter he often finds occasion to take issue with the famous and influential view of the early Greek mind championed by Bruno Snell and Hermann Fr nkel In the second chapter Fowler studies the organization of individual poems identifying compositional principles that may be used to solve literary and textual problems Some of these principles like ring composition are old familiars others are not All are found to be more pervasive than is often realized and reflect an attitude to composition rather different from the disorderly and associative techniques traditionally ascribed to the lyrics poets The last chapter explores the nature of genres in the archaic period starting from the vexed question of the definition of elegy In all the genres associated with particular occasions the author finds that the poets professional skills and self consciousness became more important than the purely occasional aspects of their composition Observations of interest are made on among others citharodic songs epigrams and epinician odes and elegy in the end turns out paradoxically not to be a true genre at all *Greek lyric poetry* David Aitken Campbell, 1972 *Greek lyric poetry* David A. Campbell, 1982 *The Reception of Greek Lyric Poetry in the Ancient World: Transmission, Canonization and Paratext*, 2019-12-09 In *The Reception of Greek Lyric Poetry in the Ancient World* Transmission Canonization and Paratext a team of international scholars consider the afterlife of early Greek lyric poetry iambic elegiac and melic up to the 12th century CE from a variety of

intersecting perspectives reperformance textualization the direct and indirect tradition anthologies poets Lives and the disquisitions of philosophers and scholars Particular attention is given to the poets Tyrtaeus Solon Theognis Sappho Alcaeus Stesichorus Pindar and Timotheus Consideration is given to their reception in authors such as Aristophanes Herodotus Plato Plutarch Athenaeus Aelius Aristides Catullus Horace Virgil Ovid and Statius as well as their discussion by Peripatetic scholars the Hellenistic scholia to Pindar Horace's commentator Porphyrio and Eustathius on Pindar **Greek Lyric Poetry** David A. Campbell, 1967 *Greek Lyric Poetry* David A. Campbell (Comp), 1972 *The Early Greek Poets and Their Times* Anthony J. Podlecki, 2011-11-01 This book brings a new approach to the study of the early Greek lyric poets Instead of concentrating on the poetry as literature Podlecki has chosen to examine the life and works of the leading poets of the eighth to fifth century B C in the context of the military and historical events of the period Ranging over the extent of the Greek world at this time the book is a survey of the many poets who lived in widely scattered places from Asia Minor in the east to Sicily in the west who wrote in diffuse poetic idioms and for varied audiences Products of different historical and political backgrounds these poets cannot be appreciated fully or in some cases even understood without considering the milieu in which they lived On the other hand their poetry often casts new and interesting light on the historical currents of the archaic period of Greece Bridging the gap between history and literature this book will greatly add to the appreciation of the works of these poets and broaden our knowledge of the historical currents and development of thought during this complex period

Greek Lyric Poetry. A Selection of Early Greek Lyric, Elegiac and Iambic Poetry by David A. Campbell,.... David A. Campbell, 1967 **Aspects of Style in Early Greek Lyric Poetry** R. L. Fowler, 1980 *Self-expression in Early Greek Lyric* Odysseus Tsagarakis, 1977 Early Greek Monody Gordon MacDonald Kirkwood, 1974 *The Reception of Greek Lyric Poetry in the Ancient World* Bruno Currie, Ian Rutherford, 2019 In *The Reception of Greek Lyric Poetry in the Ancient World* Transmission Canonization and Paratext a team of international scholars consider the afterlife of early Greek lyric poetry iambic elegiac and melic up to the 12th century CE from a variety of intersecting perspectives reperformance textualization the direct and indirect tradition anthologies poets Lives and the disquisitions of philosophers and scholars Particular attention is given to the poets Tyrtaeus Solon Theognis Sappho Alcaeus Stesichorus Pindar and Timotheus Consideration is given to their reception in authors such as Aristophanes Herodotus Plato Plutarch Athenaeus Aelius Aristides Catullus Horace Virgil Ovid and Statius as well as their discussion by Peripatetic scholars the Hellenistic scholia to Pindar Horace's commentator Porphyrio and Eustathius on Pindar *The Cambridge History of Classical Literature: Volume 1, Greek Literature, Part 1, Early Greek Poetry* P. E. Easterling, Bernard M. W. Knox, 1989-05-04 The period from the eighth to the fifth centuries B C was one of extraordinary creativity in the Greek speaking world Poetry was a public and popular medium and its production was closely related to developments in contemporary society At the time when the city states were acquiring their distinctive institutions epic found the greatest of all its exponents in Homer and lyric poetry for both

solo and choral performance became a genre which attracted poets of the first rank writers of the quality of Sappho Alcaeus and Pindar whose influence on later literature was to be profound This volume covers the epic tradition the didactic poems of Hesiod and his imitators and the wide ranging work of the iambic elegiac and lyric poets of what is loosely called the archaic age The contributors make use of recent papyrus finds particularly in the case of Archilochus and Stesichorus to fill out the picture of a cosmopolitan and highly sophisticated literary culture which had not yet found its intellectual centre in Athens

**Poems & Fragments** Sappho, 1988 *Poems* Sappho, 1967 **Greek Lyric** Felix Budelmann, 2018-05-24 The corpus of Greek lyric holds a twofold attraction It provides glimpses of the song culture of early Greece in which lyric performance had a central place and it presents us with some captivating and memorable poetry which has been admired since antiquity This edition gathers poems by seven of the nine canonical lyricists Alcman Alcaeus Sappho Stesichorus Ibycus Anacreon Simonides as well as a number of carmina popularia and carmina convivalia and passages from Timotheus Persians Both longer and shorter pieces are included The introduction discusses major issues in the study of Greek lyric including genre performance and transmission The commentary is literary in emphasis but also treats questions of syntax textual reconstruction metre and dialect The volume will be of interest to higher level undergraduates and graduate students as well as to scholars

**The Poems of Sappho and the Other Greek Lyricists** Sappho, 2013 The nine lyric poets were a canon of archaic Greek composers esteemed by the scholars of Hellenistic Alexandria as worthy of critical study The most famous of which is probably Sappho who was born sometime between 630 and 612 BCE on the Greek island of Lesbos The famous Library of Alexandria collected Sappho's poems into nine books however these editions have been lost Today only fragments of the poetess work remains These fragments are collected together here in this volume of *The Poems of Sappho and the Other Greek Lyricists* along with fragments of other Greek lyric poets contemporary to Sappho Altogether we find the poetry of Alcaeus Pytherrmus Anacreon Anacreontea Corinna Telesilla Praxilla Erinna as well as Sappho in this volume of poetry translated by Walter Petersen
