Chinese Faceoff:

The Himalayan Face-Off Shishir Gupta, 2014-04-15 Even if bilateral trade between India and China goes beyond 100 billion in the coming years China's posture towards India is adversarial and will perhaps remain so in the future with Beijing viewing New Delhi through the prism of the Dalai Lama and the Tibetan government in exile A rising China inflexible on boundary dispute resolution and with strong tentacles across South Asia and beyond could encroach on India's strategic space and lead to a potential crisis this decade In April 2013 Indian troops sighted an advance patrol of the Chinese People's Liberation Army PLA 19 km deep within Indian territory a considerable distance from the Line of Actual Control the de facto border claim line that was drawn up after the 1962 war between the two countries a war that still traumatizes the mind of India's political and military establishment Protracted negotiations led to the withdrawal of Chinese troops but the incursion laid bare the intent of the world's largest standing army Despite recent advances in the bilateral relationship highlighted by the nearly 70 billion trade between the two countries China continues to regard Indian interests as secondary and India as a regional adversary In this breakthrough work seasoned journalist and author of the bestselling Indian Mujahideen Shishir Gupta details the various advances made by Beijing particularly the PLA in encircling India and stifling the latter's bid to break out as an aspiring superpower Gupta discusses Indian political diplomatic and military responses to China's assertion in the subcontinent and beyond and the various course corrections India must undergo in its foreign and defence policies to counter China's might and influence on matters of India's national security In describing how India must realize and counter China's clout over its friends and enemies if it is to achieve superpower status Gupta sheds new light on Indo China relations **The Himalayan Face Off Chinese Assertion and the Indian Riposte** is an important reminder of the realigned geopolitics of the modern world where the two most populous nations on the planet are essentially battling each other over their share of the global pie sometimes on the world's highest battlegrounds **Kashmir "Face-Off" India's Quandary** A K

Ganguly, 2021-04-01 The book **Kashmir Face Off India's Quandary** is about Kashmir How it remained in the suspended animated state since 1947 in three parts Pakistan Occupied Kashmir China Occupied Kashmir and rightfully held Indian Jammu and Kashmir So many years have passed in status quo state and none of the actors is ready to budge an inch The legal status of Jammu and Kashmir J K as per the documentary evidence and seconded by the British Empire the day the Maharaja of the State signed the Accord of Accession in 1947 October This had made both Pakistan and China not recognising the accord Pakistan invaded India to take by force J K Indian Army drove out the invading forces but as ceasefire came into being certain territories were still held by Pakistan Same was the case with China who in 1962 captured Aksai Chen and never returned it to India These occupied territories were and have been used in fermenting problems and instability based on communal lines with a view to breakaway Kashmir from India With the abrogation of special status which Pakistan and China have been exploiting both these countries got the jolt which they were never expecting It was for the first time India declared

the occupied territories as part of India in August 2019 and put the reclamation of the same In this book the modus modalities and way out have been discussed to get back all the occupied territories even at the cost of going in for forced reclamation The narrative has been made interesting with Maps and debating the pros and cons where India stands and what it must do to improving its posturing of reclamations

China's Use of Armed Coercion James A. Siebens,2023-11-17 This book analyzes when how why and to what effect China has used its armed forces in recent decades to coerce other actors in the international system Over the past 20 years China s international status as a great power has become undeniable China s peaceful rise has included substantial investments in military modernization and an increasingly assertive regional posture While China has not waged war since 1979 it has frequently resorted to what the U S State Department has referred to as gangster tactics threats intimidation and armed confrontation to advance its strategic aims This volume illuminates the ways in which China has employed its military and paramilitary tools to coerce other states and examines the motivations and specific foreign policy objectives that China has pursued using force short of war The study presents new analysis of an original dataset on coercive actions undertaken by China s armed forces taking into account the political objectives pursued and the environmental contexts in which these operations occurred It also presents a series of expert case studies addressing the most consequential examples of China using force to coerce in recent decades The volume contributes to a more historically informed empirically based understanding of great power competition This book will be of much interest to students of Chinese security and foreign policy strategic studies Asian politics and International Relations

Joint Force Quarterly ,2006 *Xi Jinping: China's Third New Era* Jayadeva Ranade,2022-12-15 As its title Xi Jinping China s Third New Era suggests the book covers the period mid June 2017 till the end of 2020 a period when Xi Jinping s acolytes claim China had already embarked on a third thirty year era under his leadership like those of Mao and Deng before him This period also saw an outpouring of criticism against the Chinese Communist Party CCP and the Chinese President not witnessed since the Tiananmen Square events in 1989 The resentment was sparked by Xi Jinping abolishing tenure limits that govern the cadres terms in office as well as the mishandling of the

initial stages of the Covid pandemic It is also the period when Xi Jinping began using the country's security apparatus to further consolidate his position and impose progressively restrictive controls on society He followed through on his slogan party government military civilian and academic east west south north and centre the Party leads everything The essays explore the modernisation of the People's Liberation Army PLA Xi Jinping tightening his grip on members of the Politburo and the higher echelons of the Party China's policy on Tibet and Beijing's efforts to negate the Dalai Lama's influence inside China as well as abroad China's attitude and posture towards India which have undergone definite change since Xi Jinping adopted an aggressive foreign policy to achieve the rejuvenation of the Chinese nation have been covered at length This includes the ongoing incursions along the Line of Actual Control LAC in Ladakh since May 2020 Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan *China's Use of Military Force* Andrew Scobell,2003-09-08 In this unique study of China's militarism Andrew Scobell examines the use of military force abroad as in Korea 1950 Vietnam 1979 and the Taiwan Strait 1995 1996 and domestically as during the Cultural Revolution of the late 1960s and in the 1989 military crackdown in Tiananmen Square Debunking the view that China has become increasingly belligerent in recent years because of the growing influence of soldiers Scobell concludes that China's strategic culture has remained unchanged for decades Nevertheless the author uncovers the existence of a Cult of Defense in Chinese strategic culture The author warns that this Cult of Defense disposes Chinese leaders to rationalize all military deployment as defensive while changes in the People's Liberation Army's doctrine and capabilities over the past two decades suggest that China's twenty first century leaders may use military force more readily than their predecessors **China Today**,2008
