institutionalization of Chinatown gangs Chin reveals the fear gangs instill in the Chinese community At the same time he shows how the economic viability of the community is sapped and how gangs encourage lawlessness making a mockery of law enforcement agencies Ko lin Chin makes clear that gang crime is inexorably linked to Chinatown s political economy and social history He shows how gangs are formed to become equalizers within a social environment where individual and group conflicts whether social political or economic are unlikely to be solved in American courts Moreover Chin argues that Chinatown s informal economy provides yet another opportunity for street gangs to become providers or protectors of illegal services These gangs therefore are the pathological manifestation of a closed community one whose problems are not easily seen and less easily understood by outsiders Chin s concrete data on gang characteristics activities methods of operation and violence make him uniquely qualified to propose ways to restrain gang violence and Chinatown Gangs closes with his specific policy suggestions It is the definitive study of gangs in an American Chinatown
