**One Hundred and Seventy Chinese Poems**, 2016-07-19 Those who wish to assure themselves that they will lose nothing by ignoring Chinese literature often ask the question Have the Chinese a Homer an Aeschylus a Shakespeare or Tolstoy The answer must be that China has literature of some importance The novel exists and

has merits but never became the instrument of great writers Her philosophic literature knows no mean between the traditionalism of Confucius and the nihilism of Chuang tzu In mind as in body the Chinese were for the most part mainlanders Their thoughts set out on no strange quests and adventures just as their ships discovered no new continents yet their literature has a delicacy and refinement that is not found in the Western canon Yet we must recognize that for thousands of years the Chinese maintained a level of rationality and tolerance that the West might well envy They had no Index no Inquisition and no Holy Wars Superstition has indeed played its part among them but it has never as in Europe been perpetually dominant It follows from the limitations of Chinese thought that the literature of the country should excel in reflection rather than in speculation That this is particularly true of its poetry will be gauged from the present volume In the poems of Po Ch i no close reasoning or philosophic subtlety will be discovered but a power of candid reflection and self analysis which has not been rivalled in the West Turning from thought to emotion the most conspicuous feature of European poetry is its pre occupation with love This is apparent not only in actual love poems but in all poetry where the personality of the writer is in any way obtruded The poet tends to exhibit himself in a romantic light in fact to recommend himself as a lover The Chinese poet has a tendency different but analogous He recommends himself not as a lover but as a friend He poses as a person of infinite leisure which is what we should most like our friends to possess and free from worldly ambitions which constitute the greatest bars to friendship He would have us think of him as a boon companion a great drinker of wine who will not disgrace a social gathering by quitting it sober To the European poet the relation between man and woman is a thing of supreme importance and mystery To the Chinese it is something commonplace obvious a need of the body not a satisfaction of the emotions These he reserves entirely for friendship Accordingly we find that while our poets tend to lay stress on physical courage and other qualities which normal women admire Po Chu i is not ashamed to write such a poem as Alarm at entering the Gorges Our poets imagine themselves very much as Art has portrayed them bare headed and wild eyed with shirts unbuttoned at the neck as though they feared that a seizure of emotion might at any minute suffocate them The Chinese poet introduces himself as a timid recluse Reading the Book of Changes at the Northern Window playing chess with a Taoist priest or practicing calligraphy with an occasional visitor If With a Portrait of the Author had been the rule in the Chinese book market it is in such occupations as these that he would be shown a neat and tranquil figure compared with our lurid frontispieces The macho man myth never took hold with the Chinese

**Classic Chinese Poems of Mourning and Texts of Lament** Victor H. Mair, Zhenjun Zhang, 2024-05-02. Bathed with the blood and tears of countless poets and authors, and naturally expressing the most heartfelt emotions of ancient peoples, poems of mourning and texts of lament stand out in classical Chinese literature as brilliant and unique. Composed and celebrated over 3000 years, they are central to the Chinese literary tradition but have been largely unknown to English readers. Including over 100 major pieces by leading literary figures from 800 BCE to 1800, this is the first English anthology of classic Chinese poems of mourning and texts of sacrificial offering. With annotated translations by leading scholars and reading guides accompanying each piece, this book reveals a powerful literary heritage to students and serious readers of Chinese literature history and civilization.
