Chinese Postmodern:

The Chinese Postmodern Xiaobin Yang, 2002 An insightful look into contemporary Chinese avant garde fiction and the problem of Chinese postmodernity

Postmodernism and China Arif Dirlik, Xudong Zhang, 1997 This special issue of *BOUNDARY 2* maps out the terrain of post modernism in Chinese intellectual and creative activity specifically in the domains of literature the arts film and architecture Essays consider Chinese postmodernity in its relationship to new patterns of consumption and production as China moves into the global capitalist system

Postmodernism and China Xudong Zhang, Arif Dirlik, 2000-10-27 This work maps the terrain of the postmodern in China

Ma Yuan Will Gatherer, 2021-11-11 A 2023 Choice Reviews Outstanding Academic Title Ma Yuan *The Chinese Avant Garde Metafiction and Post Postmodernism* in the works of Ma Yuan provides the most comprehensive study to date on one of China's most influential contemporary authors Ma Yuan By engaging in close readings of narratologically complex works of metafiction the author offers a reappraisal of the role Ma Yuan played within the rise of postmodern fiction within China and offers new interpretive possibilities for the Chinese Avant Garde movement of the 1980s through demonstrating that rather than being predominantly formalist word games or narrative traps Ma Yuan's works of metafiction functioned as Foucauldian heterotopias which allowed for the creation of distinctly Post modern and Post socialist possible worlds This book also analyses Ma Yuan's recent post 2000 output and in doing so explores the shifting dynamics of literary self reflexivity and the Post postmodern within the contemporary context of Xi Jinping era modernity This book argues that Ma Yuan's recent works display a distinct movement towards metamodern aesthetics alongside a rising anthropocenic awareness and eco consciousness which offer key insights into the post postmodern condition within a Chinese context

China, Transnational Visuality, Global Postmodernity Hsiao-peng Lu, Sheldon H. Lu, 2001 By focusing on Chinese cultural formations and critical discourses of the last decade of the century the author dissects the intellectual economic and political contradictions of a turbulent era This wide ranging deeply interdisciplinary work demarcates the cultural terrain by examining diverse media film television avant garde art and literature as well as critical theory and intellectual history

The Modernity of Chinese Postmodern Literature Alberto Castelli, 2020 *The Modernity of Chinese Postmodern Literature* deconstructs and reconstructs central works of post 1976 Chinese literature and the main texts of European modernism to uncover a striking conceptual similarity between these two literary corpuses

Red Flags Wise Su, 2021-04-15 This book presents Chinese postmodern artist Wise Su's 168 pieces of impressive surrealist artworks Each painting has an artist's explanation The political oppression that the artist once experienced and his cross cultural worldview prompted him to combine abstraction and absurdity in his works The wonderful settings in his paintings reflect a dark utopia of boundless good and evil He uses contemporary art to reexamine the beauty from the symbolism of Chinese culture The book has three sections 1 The D j Vu combines famous paintings across space and time to express a form of virtual scenes 2 Trumpet Kingdom is a land where

people are brainwashed without their own thoughts 3 Migrant Workers expresses the artist's sincere sympathy for Chinese migrant workers who are treated unfairly

Inside Out Wendy Larson, Anne Wedell-Wedellsborg, 1993 This collection of papers is the outcome of the symposium Modernism and Postmodernism in Chinese Literature which took place at Aarhus University Denmark in October 1991 was arranged by Bei Dao and Anne Wedell Wedellsborg of the Institute of East Asian Studies One of the guiding ideas behind this initiative was to bring together scholars from Europe and America with China in the 1980s as scholars critics editors or as writers Those who study China regardless of national origin are increasingly abandoning the objective stance of writing about culture and insisting on their own right to become participants in the creation of culture This book brings together essays written by those who breach the categories scholars cultural critics and writers ethnic Chinese and non Chinese All of the contributors are working or studying in Western universities and many have published in the overseas literary journal Jintian This mix marks the study of Chinese literature as a new space where Chinese literary discourse is not only studied but also created Although contributions to this volume are diverse a central theme is the attempt to discover how literature is changing in definition and social function Essays analyse the concepts of the autonomy of art and creativity modernism and subjectivity and the form and structure of narrative language The focus on theory and rhetoric that informs these essays highlights a concern with the way in which literary discourse is represented by intellectuals and the way in which this representation itself becomes a frame that constructs literary meaning Investigations into the Mao Wenti the Maoist literary style that persists even in post Mao writers the seemingly contentless language of Can Wue's work the concept pure literature and the anti modernity stance of the poetic Feifei No no school all provide clues to the developing cultural consciousness of contemporary China

Postsocialism and Cultural Politics Xudong Zhang, 2008-04-25 A sequel to Zhang's Chinese Modernism it discusses crucial issues in China in the 1990s including nationalism neo liberalism postmodernism nostalgia revisionism and the intellectual formulations and cultural politics

Postmodernist Theory in Recent Studies of Chinese Literature Anne Birrell, 2000

Postmodern Ideology and Postmodern China Josef Gregory Mahoney, 2003

A Letter to China Alberto Castelli, 2020 The book is an articles collection dealing with the maze of Chinese postmodernity It is undeniable that the debris of Maoist utopia couples with the overreaching narrative of globalization and the apparent triumph of capitalism The turning point is sociological and it reveals Chinese double obsession the need for conformity cultural homologation expressed by the entertainment industry and the desire to be different cultural diversification expressed in terms of localism revival of neo Confucianism and projects on national minorities However my focus is not on globalization itself what interests me is the global expansion of capital only in terms of structural crisis as represented by art and literature For this reason this articles collection is primarily a cultural study an interdisciplinary research integrating literary criticism philosophical history comparative literature and art theory My purpose is not to question whether China is in a condition of postmodernity but to acknowledge the ambiguity of Chinese

postmodernity the overlapping of cultural paradigms where Confucian ethics has to coexist with capitalist economy residual of Maoism socialist relations and individualist philosophy By embracing the whole field of humanities I believe to be able to unfold Chinese cultural leap and the ideological contradiction And that would be China s project of postmodernity Scholars and postgraduate students in the area of human science are the normal audience this text refers to this book will appeal to students and scholars of literature cultural studies aesthetics and modern Chinese culture and ideology However all those interested in contemporary China will find in it an accessible key to decode Chinese postmodernity and bet on its journey
