Modern Chinese Foodways Jia-Chen Fu, Michelle T. King, Jakob A. Klein, 2025-03-04 An edited collection that explores the multifaceted experiences of Chinese culinary modernity both within and outside of mainland China from the mid 19th century to present *Modern Chinese Foodways* defines some of the major processes by which Chinese food and foodways have become modern with a focus on the period from the mid nineteenth to the twenty first century The editors Jia Chen Fu Michelle T King and Jakob A Klein highlight four prominent areas of change commodification of food production the scientization of expertise and the development of new food technologies the creation of new culinary identities based on gender ethnicity and nation and the circuits of migration taking place since the nineteenth century This collection argues that Chinese food and foodways are very much modern not a given in the face of the chorus of voices that insists on emphasizing its ancient roots in ways that both recall the experiences of other cultures as well as in ways unique to China s own historical trajectory The book combines incisive original scholarship by thirteen leading voices in the field with editorial essays on the past and future of Chinese food studies to frame the field of inquiry for the next generation of Chinese food studies scholars Demonstrating the significance of modern Chinese foodways to the phenomenon of culinary modernity writ large which is still largely shaped by Euro American perspectives and priorities *Modern Chinese Foodways* is the first book of its kind **Changing Chinese Foodways in Asia** David Y. King, 2024-05-07 A New York Times Book Review Editors Choice This delicious book is a must read for cooks and food lovers Lizz Schumer People A spirited new history of Chinese food told through an account of the remarkable life of Fu Pei mei the woman who brought Chinese cooking to the world In 1949 a young Chinese housewife arrived in Taiwan and transformed herself from a novice to a natural in the kitchen She launched a career as a cookbook author and television cooking instructor that would last four decades Years later in America flipping through her mother s copies of Fu Pei mei s Chinese cookbooks historian Michelle T King discovered more than the recipes to meals of her childhood She found in Fu s story and in her food a vivid portal to another time when a generation of middle class female home cooks navigated the tremendous postwar transformations taking place across the world In *Chop Fry Watch Learn* King weaves together stories from her own family and contemporary oral history to present a remarkable argument for how understanding the story of Fu s life enables us to

see Chinese food as both an inheritance of tradition and a truly modern creation influenced by the historical phenomena of the postwar era These include a dramatic increase in the number of women working outside the home a new proliferation of mass media the arrival of innovative kitchen tools and the shifting diplomatic fortunes of China and Taiwan King reveals how and why for audiences in Taiwan and around the world Fu became the ultimate culinary touchstone the figure against whom all other cooking authorities were measured And Fu s legacy continues Her cookbooks have become beloved emblems of cultural memory passed from parent to child wherever diasporic Chinese have landed Informed by the voices of fans across generations King illuminates the story of Chinese food from the inside at home around the family dinner table The result is a revelatory work a rich banquet of past and present tastes that will resonate deeply for all of us looking for our histories in the kitchen
