Mann s novelle from the direction of its classic prefigurations a new interpretation is possible in which the dynamic of
Aschenbach s failure as ascetic artist is of prime importance Examination of the pervasive structuring use of *The Bacchae* of
Euripides makes it possible to move beyond assertions of isolated motif like use of classic material At the same time a clearer
view of Aschenbach as failed literary artist is necessary after examination of the relevance of all of Plato s *Phaedrus* dialogue
After interpretation of the text of *Der Tod in Venedig* a final section of the study draws typological normative and literary
historical conclusions which should result in a re situating of the novelle **PRISON PROBLEMS** FRED HIGH,1913
