Christa Wolf

Christa Wolf:

The Fourth Dimension Christa Wolf, 1988-12-17 The author should not disappear into her own work says Christa Wolf but should stand up and be counted In this series of interviews and conversations spanning more than a decade Christ Wolf does precisely that Here one of the greatest contemporary novelists discusses the origins of an inspirations for her best known works Often taking as her starting point events from the past her novels she explains remain fictions of the present whether her concern is to reassess the experiences of growing up in Nazi Germany as in *A Model Childhood* or to attempt to trace the roots of the contradictions in which our civilisation is now trapped as in *Cassandra* These conversations however take her far beyond the purely literary She talks openly about what it means to be both a writer and a woman in East Germany today and concludes that literature is no longer territorially defined We are not so much divided by boundaries between East and West as united in our common experience of highly organized patriarchal society she says which has brought us to the verge of annihilation It is the author s voice according to Christa Wolf which provides the fourth dimension of modern prose In these pages her own voice emerges more loudly and clearly than ever *Christa Wolf* Gail Finney, 1999 This book presents a brief biography of Christa Wolfe s life and critical interpretation and discussion of her works Women and the Wende Elizabeth Boa, Janet Wharton, 1994 De congrespapers voor dit congres onderzoeken de effecten van de Duitse eenwording op het leven van vrouwen en hoe vrouwen hebben gereageerd op de politieke economische sociale en culturele veranderingen en eveneens hoe de politieke veranderingen geportretteerd zijn in de media en in literaire teksten In deze bundel zijn de volgende bijdragen opgenomen A la recherche de la r volution perdue ein innerdeutscher Monolog door Barbara K hler Frauen im vereinten Deutschland Wertewandel oder Verzicht door Sabine Bergmann Pohl Women in the new federal states after the Wende the impact of unification on women s employment opportunities door Barbara Einhorn Women work and the Wende regional and sectoral perspectives political and individual responses door Rachel Alsop The abortion debate in unified Germany door Elizabeth Clements Demokratischer Frauenbund Deutschlands socialist mass organisation and western charity door Julia Teschner Keeping a foot in the door East German women s academic political cultural and social projects door Hanna Behrend Der gewendete Kulturbetrieb door Kerstin Mey Identit ten von Ost Frauen im Transformationsprozess Probleme ostdeutscher Frauenforschung door Irene D lling Women in East Germany emancipation of exploitation door Dinah Dodds Changing subjectivities women and identity door Chris Weedon Wende Bilder television images of women in Germany in transition door Andrea Rinke F r Dich and the Wende women s weekly between plan and market door Martha W rsching Emma and the Wende door Margaret Stone Pressing for change the case of Helga K nigsdorf door Jean E Conacher To the Victor the spoils Sleeping Beauty s sexual awakening door Ingrid Sharp Elektra Iphigenie and Antigone Volker Braun s women and the Wende door J H Reid Eine K nigin k pfen ist effektiver als einen K nig k pfen the gender politics of the Christa Wolf controversy door Anna K Kuhn Adieu Kassandra Schriftstellerinnen aus der DDR vor in

Klocke,Jennifer R. Hosek,2018-03-19 Interest in Christa Wolf continues to grow Her classics are being reprinted and new titles are appearing posthumously becoming bestsellers and being translated Energetic scholarly debates engage well known aesthetic and political issues that the public intellectual herself fore fronted This broad ranging introduction to the author her work and times builds upon and moves beyond such foundational interpretative frameworks by articulating the global relevance of Wolf s oeuvre today also for non German readers Thus it brings East German culture alive to students teachers scholars and the general public by connecting the socialist German Democratic Republic GDR and the lived experiences of its citizens to nations and cultures around the world The collection focuses on topical matters including the search for authenticity agency race cosmopolitanism gender environmentalism geopolitics war and memory debates as well as movie adaptations and Wolf s film work with DEFA marketing and international reception Our contributions by senior and emerging scholars from across the globe emphasize Wolf s position as an author of world literature and an important critical voice in the 21st century *Patterns of Childhood* Christa Wolf,1984-07 Returning to her native town in East Germany forty years later accompanied by her inquisitive and sometimes demanding daughter Wolf attempts to recapture her past and to clarify memories of growing up in Nazi Germany This novel is a testament of what seemed at the time a fairly ordinary childhood in the bosom of a normal Nazi family in Landsberg [Understanding Christa Wolf](#) Margit Resch,1997 Resch explores central questions about Wolf s life and work that have been raised by scholars and readers alike why Wolf who enjoyed unrestricted travel privileges remained in the East when she could easily have defected how she was able to survive artistically in an authoritarian regime which qualities in her writing earned the respect of major critics on both sides of the Wall why she has chosen not to identify with the feminist

movement and what she has contributed to German and world literature

Women's Vision in Western Literature

Laurence M. Porter, 2005-02-28 From ancient Greece through the present day women writers have confronted the male urge to make war by imagining communities in which intuitive bonding among individuals questions and replaces masculinist values of aggression and competition *Women's Vision in Western Literature* traces the gender gap in literature from 600 B C to the present day through an examination of seven extraordinary women writers from Sappho to Christa Wolf Combining close readings with a comprehensive overview of the careers of these women Porter shows how the threat the experience and the aftermath of war incites them to imagine tolerant empathic communities This careful consideration of these seven great writers brings to light an underappreciated aspect of Western women's writing Starting with Sappho Porter illustrates this ancient poet's ability to rewrite the Homeric war rhetoric to reflect a non possessive love experience Marie de France arranges traditional animal fables to imply an open ended situation ethics according to the author and Madame de Stael in a Europe torn by Napoleonic conquests advocates cross cultural unions among countries In the works of Mary Shelley we see the warnings of the dangers of vainglorious soulless technology and Virginia Woolf depicts intuitive bonding beyond gender stereotypes amid the ruins of war and crumbling empire He shows how Marguerite Yourcenar dreams of a new era of world peace after Hitler's defeat and how Christa Wolf tries to cope with her country's Nazi past even as she reaffirms European identity threatened by annihilations in nuclear conflict

Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Shifting Perspectives Dennis Tate, 2007 Tate provides a detailed account of subjective authenticity in German literature its origins in the 1930s exile debates its evolution during the GDR's lifespan and its manifestations in the work of five East German authors Brigitte Reinmann Franz F hmann Stefan Heym G nter de Bruyn and Christa Wolf

They Divided the Sky Christa Wolf, 2013-01-26 First published in 1963 in East Germany *They Divided the Sky* tells the story of a young couple living in the new socialist East Germany whose relationship is tested to the extreme not only because of the political positions they gradually develop but very concretely by the Berlin Wall which went up on August 13 1961 The story is set in 1960 and 1961 a moment of high political cold war tension between the East

Bloc and the West a time when many thousands of people were leaving the young German Democratic Republic the GDR every day in order to seek better lives in West Germany or escape the political ideology of the new country that promoted the farmer and peasant state over a state run by intellectuals or capitalists The construction of the Wall put an end to this hemorrhaging of human capital but separated families friends and lovers for thirty years The conflicts of the time permeate the relations between characters in the book at every level and strongly affect the relationships that Rita the protagonist has not only with colleagues at work and at the teacher's college she attends but also with her partner Manfred an intellectual and academic and his family They also lead to an accident attempted suicide that send her to hospital in a coma and that provide the backdrop for the flashbacks that make up the narrative Wolf's first full length novel published when she was thirty five years old was both a great literary success and a political scandal Accused of having a decadent attitude with regard to the new socialist Germany and deliberately misrepresenting the workers who are the foundation of this new state Wolf survived a wave of political and other attacks after its publication She went on to create a screenplay from the novel and participate in making the film version More importantly she went on to become the best known East German writer of her generation a writer who established an international reputation and never stopped working toward improving the socialist reality of the GDR Published in English **Christa Wolf** Sonja Hilzinger,2007 *Christa Wolf* Franz Baumer,1988

What Remains Gerald Fetz,Patricia Herminghouse,2022-06-10 Arguably the most important and influential German woman writer of the last century Christa Wolf was long heralded as die gesamtdeutsche Autorin an author for all of Germany but after 1989 in unified Germany Wolf found herself suddenly embroiled in controversies that challenged her integrity and consigned her to an ideologically suspect identity as DDR Schriftstellerin GDR writer or Staatsdichterin state poet **What Remains** Responses to the Legacy of Christa Wolf asks the question of what truly remains of her legacy in the annals of contemporary German culture and history Unlike most of what appeared in the wake of Wolf's death however the contributions to this international volume seek neither to monumentalize her nor to dismantle her stature but to employ a range of methodologies comparative intertextual psychoanalytic historical transcultural to offer sensitive assessments of Wolf's major literary texts as well as of her lesser known work in genres such as film and essay *Christa Wolf* Alexander Stephan,1980 **A Comprehensive Interpretation of the Life and Work of Christa Wolf, 20th Century German Writer** Hajo Drees,2002 Christa Wolf has been celebrated as one of the most innovative German speaking postwar writers and is the recipient of many international awards and prizes Her fiction has also earned her censorship and international criticism Her prose brilliantly depicts East and West Germany's path to coming to terms with the influence of the Hitler regime This study examines her fiction speeches and essays illustrating how the trinity of identity socialization and artistic creativity evolves and manifests itself in her writing **No Place on Earth** Christa Wolf,1983-09 Historical hypothetical but marvelously intense a fascinating short novel by one of Europe's most consistently haunting novelist Kirkus Reviews
